Subject: Payments in Lieu of Ad Valorem Taxes		Analyst: Greg Albrecht

TAX/AD VALOREM REF SEE FISC NOTE LF RV See Note Page 1 of 1

Authorizes and provides for cooperative endeavor agreements between local governmental subdivisions and other entities that may require payments in lieu of ad valorem taxes. (See Act)

Present law enumerates specific properties that are exempt from ad valorem taxation and provides that no other property shall be exempt.

Proposed law provides for payments in lieu of ad valorem taxes, subject to a cooperative endeavor agreement. Eligible property includes property of new manufacturing establishments or an addition to an existing manufacturing establishment. Provides procedures for approval of such agreements, which can have terms up to 25-years. Participating property shall be listed on the assessment rolls, but shall be exempt from ad valorem taxation. Provides conditions for property under an existing industrial tax exemption to enter a payment in lieu of taxation agreement within the first four years of the exemption

Contingent upon adoption of the constitutional amendment contained in SB 272 of this session, to be submitted to the electors at the statewide election to be held on November 3, 2020.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

Proposed law provides local taxing authorities the ability to grant ad valorem tax exemptions to manufacturing establishments by agreement providing payments in lieu of taxes. Although there may be numerous reasons for both local governments and taxpayers to enter cooperative endeavor agreements to achieve community goals, the utilization of this authority may result in lower local ad valorem tax revenue collections, in that taxpayer payments in lieu of ad valorem tax may be lower than the ad valorem tax itself. Otherwise, taxpayers may not be inclined to enter the cooperative endeavor agreements. However the payments in lieu of ad valorem tax may provide resources for particular local projects that might not be available from other sources. Utilization of such agreements is speculative, and the ultimate local government aggregate revenue impacts can not be projected. In addition, it is not clear how, if at all, these agreements would effect the millage adjustment process and the shifting of tax burdens among taxpayers.

Given that the bill is contingent on a companion constitutional amendment on the November 3, 2020 ballot date, it seems likely that the earliest fiscal year that could be affected would be FY22 for agreements affecting ad valorem taxes due in late 2021.
