

HOUSE SUMMARY OF SENATE AMENDMENTS

HB 690

2020 Regular Session

Amedee

POLITICAL PARTIES: Provides relative to the election of State Central Committee members

Synopsis of Senate Amendments

1. Removes proposed law providing the possibility that the term of a parish executive committee member would run until the next presidential primary.

Digest of Bill as Finally Passed by Senate

Present law provides that a political party's members of the state central committee are elected every four years at the same time as the presidential preference primary election to a term no longer than the period for which the member was elected. Further provides that members elected in 1991 shall serve until their successors are chosen.

Proposed law removes the exception that members elected in 1991 shall serve until their successors are chosen.

Proposed law provides that if an election for state central committee members does not occur at the same time as the 2020 presidential preference primary, the election for state central committee members shall occur at the next regularly scheduled runoff election. Further provides that the secretary of state shall select the dates of qualification of candidates.

Present law provides that for a political party of which 30% percent or less of the registered voters in the state are affiliated, the membership of the state central committee is composed and apportioned as provided in R.S. 18:443.2.

Proposed law retains present law but removes the required percentage.

Present law provides that for a political party of which 30% percent or less of the registered voters in the state are affiliated, all members of a state central committee are elected at the same time as the presidential preference primary election. Further provides that the term of office will be no longer than the period for which the member was elected.

Proposed law gives a state central committee the option to choose whether to be elected as provided in R.S. 18:443.2 or by R.S. 18:443.1. Changes the term of a member; the member's term will be until the next presidential primary is held or until his successor is qualified and elected in the event that the election for state central committee members cannot be held at the same time as the presidential preference primary election.

Present law prohibits a member of a state central committee from exercising the proxy votes of more than three other members at any meeting. Proposed law removes present law.

Present law provides that when a state central committee does not adopt and file a plan, the membership of such state central committee shall be composed of 144 members, with one member elected from each of the districts from which members of the House of Representatives and the Senate of the legislature are elected. Proposed law removes present law and provides that a plan previously filed by the state central committee remains in effect until rescinded or replaced by the state central committee.

Present law provides that a political party's members of a parish executive committee are elected every four years at the same time as the presidential preference primary election to a term no longer than the period for which the member was elected. Further provides that

members elected in 1991 shall serve until their successors are chosen.

Proposed law removes the exception that members elected in 1991 shall serve until their successors are chosen.

Proposed law provides that the term of office of the parish executive committee members shall be until their successors are qualified and elected.

Effective upon signature of governor or lapse of time for gubernatorial action.

(Amends R.S. 18:443(B)(1), 443.1(B), 443.2(2)(a)(ii), (3), and (7), and 444(B)(1); Adds R.S. 18:443(G))
