HB 71 Original

2020 First Extraordinary Session

Duplessis

**Abstract:** Provides for a death benefit to be paid to the survivors or estate of employees of publicly owned healthcare facilities who die of COVID-19 under certain circumstances.

Proposed law provides for the payment of a death benefit to any employee of a publicly owned healthcare facility in La. who:

- (1) Reported for work at a public healthcare facility after March 1, 2020.
- (2) Contracted COVID-19 within 45 days after a day he reported for work.
- (3) Died prior to Dec. 31, 2020, and COVID-19 caused or contributed to the death.

Proposed law provides that the benefit shall be paid to:

- (1) The surviving spouse of the employee.
- (2) The surviving child or children of the employee if the employee did not have a surviving spouse.
- (3) The employee's estate if the employee did not have a surviving spouse or children.

Proposed law provides that the amount of the benefit is three times the compensation received by the employee from the public healthcare facility in his final year of employment.

Proposed law creates a special fund in the treasury, monies from which shall be used to pay the benefit. Creates a five-member board to administer the fund and determine eligibility for a benefit. Provides that the board is composed of five licensed healthcare providers appointed by the governor.

Proposed law requires that applications for the benefit be filed by Dec. 31, 2022. Repeals proposed law and requires transfer of funds remaining in the special fund created by proposed law to the state general fund.

Effective upon signature of governor or lapse of time for gubernatorial action, except repeal which is effective July 1, 2023.
