

RÉSUMÉ DIGEST

ACT 76 (HB 227)

2020 Regular Session

Coussan

Existing law requires written notice of the nonpayment of a production payment to be provided prior to a judicial demand for damages.

New law makes technical changes and provides for the application of existing law by stating explicitly that the interest at issue is one created out of a mineral lessee's interest.

Effective Aug. 1, 2020.
