Provides relative to funding university, parish, and municipal police departments (Items #15 and 16)

Proposed law requires each public college or university report annually by 11/30 to the JLCB a detail of the annual operating budget for its college or university police department. If funding for a department is reduced by 10% or more for the ensuing year, JLCB may require the institution to appear to describe the impact of the proposed reductions and the effect on public safety. If JLCB determines the cuts have a significant and harmful effect on public safety, corresponding institutions shall be ineligible to apply for or receive funding for new capital outlay projects for the ensuing fiscal year. Proposed law further requires each governing authority of a political subdivision (including municipal police and sheriff's offices), to notify JLCB in writing no later than 15 days after such a reduction's effective date. JLCB may require the governing authority to appear before the committee. Corresponding governing authorities determined by JLCB to create a significant and harmful effect on public safety through budget reductions to specified law enforcement offices shall be ineligible to apply for or receive funding for new capital outlay projects and appropriations from sales tax dedications for the ensuing fiscal year.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure since the proposed law merely directs postsecondary education police departments, municipal police departments and sheriff's office to notify the JLCB if funding for their respective police department is reduced by 10% or greater. If it is determined by JLCB that the reduction will have a significant and harmful effect on public safety, the governing authority shall be ineligible to apply for or receive funding for new capital outlay projects and to receive sales tax dedications (appropriated as statutory dedications) for the ensuing year. Likewise, postsecondary education institutions shall be ineligible to apply for or receive funding for new capital outlay projects for the ensuing fiscal year.

Note: All funding from the sales tax dedications and the capital outlay act is subject to annual appropriation by the legislature.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
