FUNDS/FUNDING REF SEE FISC NOTE SD EX See Note Page 1 of 1

Provides dedicated funding and requirements within the La. Main Street Recovery Program for certain establishments (Items #16, 17, 18, 19, and 20)

Present law establishes the Main Street Program and the La. Main Street Recovery Fund to award grants to eligible businesses impacted by COVID-19. Proposed law provides that \$7.5 M of the total La. Main Street Recovery Fund is to be awarded to bars that, as of 9/29/20, had filed an application with the recovery program if unobligated funds remain in the fund upon enactment and if SB 38 of the 2020 2nd ES is enacted. Proposed law provides for definitions. Proposed law further provides that, notwithstanding any provisions of law to the contrary, if the total amount of all monies provided for by this measure are not obligated by 11/15/20, the remaining unobligated amounts shall be available for businesses that are not bars. Proposed law provides that the treasurer may continue to process applications and award grants for pending non-bar applicants as of the effective date of this Act, but may not award any grants to business that are not bars if such award will impinge upon any remaining amount allocated by this Act for bars. Proposed law provides that any bar that filed an application that was disqualified shall be entitled to have its application reviewed for an award pursuant to proposed law.

EXPENDITURE EXPLANATION

Proposed law provides that \$7.5 M of the Louisiana Main Street Recovery Fund shall be made available to businesses operating as bars in accordance with certain requirements and in accordance with most requirements specified in Act 311 of the 2020 Regular Session of the Louisiana Legislature. Proposed law provides that the provisions of this measure shall only apply to monies in the fund which are unobligated as of the effective date of this act and shall become effective if and when Senate Bill 38 of the 2020 2nd Extraordinary Session is enacted and becomes effective. Monies in the fund currently provide for grants in amounts not to exceed \$15,000 to eligible businesses for costs incurred due to COVID-19. Businesses operating as bars can qualify under the provisions of present law, but this measure would stipulate a minimum of \$7.5 M to be distributed to this industry. The Main Street Recovery Program is administered by the State Treasurer and funded by an appropriation of \$260 M from the Coronavirus Aid, Relief & Economic Recovery (CARES) Act (plus an additional \$15 M provided for administrative costs of the La Department of the Treasury and the LA Legislative Auditor).

NOTE: The Department of Treasury reports that unobligated funds may not be available to satisfy the intent of proposed law upon enactment of this measure. The department reports that the Main Street Recovery Program is on track to utilize the full amount appropriated. Including paid awards and the estimated value of applications received, the program has obligated \$288 M and ceased taking new applications. 13,135 grant applicants have been notified that funds may not be available to reimburse all qualifying applications. If the program has successfully awarded more than \$252.5 M by the time proposed law may be enacted, a portion or all of the \$7.5 M allocation would be unavailable to provide grant awards to bars.

REVENUE EXPLANATION
