Abstract: Requires the Dept. of Environmental Quality (DEQ) to provide public notice for any permit or permit modification for all source facilities not otherwise exempt.

Present LAC (33:III.531) provides for requirements for public notice to be provided by the permitting authority (DEQ) for permitting stationary source facilities.

Present LAC (33:III.531(A)(2)(introductory paragraph)) provides for requirements for public notice to be provided by the permitting authority (DEQ) for permit applications and modifications for Part 70 source facilities.

Proposed LAC (33:III.531(A)(2)(introductory paragraph)) changes requirement for public notice to be provided by the permitting authority for permit applications and modifications from applying strictly to Part 70 source facilities to including all source facilities not otherwise exempt.

Directs the La. Register to print the amendment to LAC 33:III.531(A)(2)(introductory paragraph) in the La. Administrative Code.
