**EXPENDITURE EXPLANATION**

This bill creates the Louisiana Domestic Abuse Fatality Review Panel within the LA Department of Health (LDH). LDH anticipates 1 additional full time program manager (\$55,000 annual salary), 5 additional part time staff (\$54,763 in part time salaries), related benefits (\$32,929), in addition to administrative expenses (\$18,131) to provide support to the review team. This estimate is based on resources and workload (data collection and analysis, reporting, and communications) associated with an existing support function within LDH for conducting Mortality Surveillance reviews. The LFO cannot corroborate that the workload will necessitate the resources estimated by LDH. To the extent these activities may be performed with fewer personnel or resources, costs may decrease accordingly.

In addition, although it is not assumed that members serving on the review team will be paid a salary, there could be additional costs associated with both travel and per diem reimbursement for the members. At least 20 members will serve on the review team.

**REVENUE EXPLANATION**

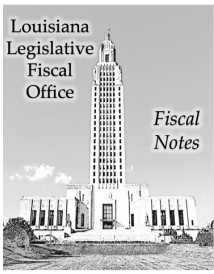

There is no anticipated direct material effect on governmental revenues as a result of this measure.
