Abstract: Requires that any communication issued to students or parents about immunization requirements include exemption information and an exemption form.

Present law requires each person entering any school for the first time to present satisfactory evidence of immunity to or immunization against vaccine-preventable diseases according to a schedule approved by the office of public health or to present evidence of an immunization program in progress. Exempts a student from this requirement if he submits a written dissent or a doctor's note relative to medical contraindication. Proposed law requires that any communication issued to students or parents relative to immunization requirements include the text and legal citation of the present law exemption provision and an exemption form for opting out of the requirements, as authorized by present law.
