7	liquidity stress test instructions and reporting templates for a specific data year, such
8	scope criteria, instructions and reporting template being as adopted by the NAIC and

15	§691.6. Registration of insurers
16	* * *
17	D. Materiality. No information need be disclosed on the registration
18	statement filed pursuant to Subsection B of this Section if the information is not
19	material for the purposes of this Section. Unless the commissioner by rule,
20	regulation, or order provides otherwise: sales, purchases, exchanges, loans, or
21	extensions of credit, investments, or guarantees involving one-half of one percent or
22	less of an insurer's admitted assets as of the thirty-first day of December next
23	preceding shall not be deemed material for purposes of this Section. The definition
24	of materiality provided in this Subsection shall not apply for the purposes of the
25	group capital calculation or the liquidity stress test framework.
26	* * *
27	M.(1) Group capital calculation. Except as provided in Paragraph (2) of this
28	Subsection, the ultimate controlling person of every insurer subject to registration
29	shall concurrently file with the registration an annual group capital calculation as

directed by the lead state commissioner. The report shall be completed in
accordance with the NAIC group capital calculation instructions, which may permit
the lead state commissioner to allow a controlling person that is not the ultimate
controlling person to file the group capital calculation. The report shall be filed with
the lead state commissioner of the insurance holding company system as determined
by the commissioner in accordance with the procedures within the Financial
Analysis Handbook adopted by the NAIC.
(2) The following insurance holding company systems are exempt from
filing the group capital calculation:
(a) An insurance holding company system that has only one insurer within
its holding company structure, that only writes business and is only authorized in its
domestic state, and assumes no business from any other insurer.
(b) An insurance holding company system that is required to perform a
group capital calculation specified by the United States Federal Reserve Board. The
lead state commissioner shall request the calculation from the federal reserve board
under the terms of information sharing agreements in effect. If the federal reserve
board cannot share the calculation with the lead state commissioner, the insurance
holding company system is not exempt from the group capital calculation filing.
(c) An insurance holding company system with a supervisor whose non-U.S.,
group-wide supervisor is located within a reciprocal jurisdiction as described in R.S.
22:651(F) that recognizes the U.S. state regulatory approach to group supervision
and group capital.
(d) An insurance holding company system that meets all of the following
criteria:
(i) It provides information to the lead state that meets the requirements for
accreditation under the NAIC financial standards and accreditation program, either
directly or indirectly through the group-wide supervisor, who has determined such
information is satisfactory to allow the lead state to comply with the NAIC group
supervision approach, as detailed in the NAIC Financial Analysis Handbook.

1	(ii) The non-U.S. group-wide supervisor, that is not in a reciprocal
2	jurisdiction, recognizes and accepts, as specified by the commissioner in regulation,
3	the group capital calculation as the world-wide group capital assessment for United
4	States insurance groups who operate in that jurisdiction.
5	(3) Notwithstanding the provisions of Subparagraphs (2)(c) and (d) of this
6	Subsection, a lead state commissioner shall require the group capital calculation for
7	U.S. operations of any non-U.S. based insurance holding company system where,
8	after any necessary consultation with other supervisors or officials, it is deemed
9	appropriate by the lead state commissioner for prudential oversight and solvency
10	monitoring purposes or for ensuring the competitiveness of the insurance
11	marketplace.
12	(4) Notwithstanding the exemptions from filing the group capital calculation
13	in Subparagraphs (2)(c) and (d) of this Subsection, the lead state commissioner has
14	the discretion to exempt the ultimate controlling person from filing the annual group
15	capital calculation or to accept a limited group capital filing or report in accordance
16	with the criteria as specified by the commissioner through rules and regulations.
17	(5) If the commissioner determines that an insurance holding company
18	system no longer meets one or more of the requirements for an exemption from
19	filing the group capital calculation under this Section, the insurance holding
20	company system shall file the group capital calculation at the next annual filing date,
21	unless given an extension by the commissioner based on reasonable grounds shown.
22	N.(1) Liquidity stress test. The ultimate controlling person of every insurer
23	subject to registration and scoped into the NAIC liquidity stress test framework shall
24	file the results of its liquidity stress test. The filing shall be made to the lead state
25	insurance commissioner of the insurance holding company system as determined by
26	the procedures within the Financial Analysis Handbook adopted by the NAIC.
27	(2) The NAIC liquidity stress test framework includes scope criteria
28	applicable to a specific data year. These scope criteria are reviewed at least annually
29	by the financial stability task force or its successor. Any change to the NAIC

liquidity stress test framework or to the data year for which the scope criteria are to be measured shall be effective on the first of January of the year following the calendar year such changes are adopted. Insurers meeting at least one threshold of the scope criteria are considered scoped into the NAIC liquidity stress test framework for the specified data year, unless the lead state insurance commissioner, in consultation with the NAIC Financial Stability Task Force or its successor, determines the insurer should not be scoped into the framework for that data year.

Similarly, insurers that do not meet at least one threshold of the scope criteria are considered scoped out of the NAIC liquidity stress test framework for the specified data year, unless the lead state insurance commissioner, in consultation with the NAIC Financial Stability Task Force or its successor, determines the insurer should be scoped into the framework for that data year.

(3) The lead state commissioner, in consultation with the Financial Stability

- (3) The lead state commissioner, in consultation with the Financial Stability

 Task Force or its successor, shall address concerns regarding regulators wishing to

 avoid being scoped in and out of the NAIC liquidity stress test framework on a

 frequent basis.
- (4) The performance of, and filing of the results from, a specific year's liquidity stress test shall comply with the NAIC liquidity stress test framework's instructions and reporting templates for that year and any lead state insurance commissioner determinations, in conjunction with the Financial Stability Task Force or its successor, provided within the framework.
- O. Violations. The failure to file a registration statement or any summary of the registration statement or enterprise risk filing required by this Section within the time specified for filing shall be a violation of this Section.
- N: P.(1) Incorporation by reference. Any information contained in any financial statement, annual report, proxy statement, statement filed with a governmental authority, or any other document may be incorporated by reference, provided the document is filed as an exhibit to the registration statement. Any excerpt of a document may be filed as an exhibit if the document is extensive. Any

2	years need not be attached as exhibits, but shall be referred to if not so attached. All
3	references to information contained in exhibits or in documents duly filed shall
4	clearly identify the material and specifically indicate that the material is to be
5	incorporated by reference to the item. No materials shall be incorporated by
6	reference in any instance that the incorporation would render the statement
7	incomplete, unclear, or confusing.
8	(2) If a filing requires a summary or outline of the provisions of any
9	document, only a brief statement shall be made as to the pertinent provisions of the
10	document. In addition to the brief statement, the summary or outline may
11	incorporate, by reference, particular parts of any exhibit or document currently on
12	file with the commissioner which was filed within three years and may be included
13	in its entirety by the reference. In any case where two or more documents required
14	to be filed as exhibits are substantially identical in all material respects except as to
15	the parties, the dates of execution, or other details, a copy of one of the documents
16	shall be filed with a schedule identifying the omitted documents and setting forth the
17	material details in which such documents differ from the documents filed.

19	company system

26	financial condition as defined in regulations promulgated by the commissioner or a

a deposit, held by the commissioner, or a bond, as determined by the insurer at the insurer's discretion, for the duration of the contract or agreement or the existence of the condition for which the commissioner required the deposit or the bond.

- (ii) In determining whether a deposit or a bond is required, the commissioner may consider whether concerns exist with respect to the affiliated person's ability to fulfill the contract or agreement, if the insurer were to be put into liquidation.
- (iii) Once the insurer is deemed to be in a hazardous financial condition or a condition that would be grounds for supervision, conservation, or a delinquency proceeding, such that a deposit or bond is necessary, the commissioner may determine the amount of the deposit or bond, not to exceed the value of the contract or agreement in any one year, and whether such deposit or bond should be required for a single contract, multiple contracts, or a contract with a specific person.

(h) All records and data of the insurer held by an affiliate are the property of the insurer, are subject to control of the insurer, are identifiable, and are segregated or readily capable of segregation, at no additional cost to the insurer, from all other persons' records and data. This includes all records and data that are otherwise the property of the insurer, in whatever form maintained, including, but not limited to, claims and claim files, policyholder lists, application files, litigation files, premium records, rate books, underwriting manuals, personnel records, and financial records or similar records within the possession, custody, or control of the affiliate. At the request of the insurer, the affiliate shall provide that the receiver can obtain a complete set of all records of any type that pertain to the insurer's business, obtain access to the operating systems on which the data is maintained, obtain the software that runs those systems either through assumption of licensing agreements or otherwise, and restrict the use of the data by the affiliate if it is not operating the insurer's business. The affiliate shall provide a waiver of any landlord lien or other encumbrance to give the insurer access to all records and data, if the affiliate defaults under a lease or other agreement.

1	(1) Premiums or other funds belonging to the insurer that are collected by or
2	held by an affiliate are the exclusive property of the insurer and are subject to the
3	control of the insurer. Any right of offset in the event an insurer is placed into
4	receivership shall be subject to the provisions of Chapter 9 of this Title, R.S. 22:2001
5	et seq.

7	(6)(a) Any affiliate that is party to an agreement or contract with a domestic
8	insurer that is subject to Subparagraph (2)(d) of this Subsection shall be subject to
9	the jurisdiction of any supervision, seizure, conservatorship, or receivership
10	proceedings against the insurer and be subject to the authority of any supervisor,
11	conservator, rehabilitator, or liquidator for the insurer appointed pursuant to Subpart
12	H of Part III of Chapter 2 of this Title, R.S. 22:731 et seq., and Chapter 9 of this
13	Title, R.S. 22:2001 et seq., for the purpose of interpreting, enforcing, and overseeing
14	the affiliate's obligations under the agreement or contract to perform services for the
15	insurer that are any of the following:
16	(i) An integral part of the insurer's operations, including, but not limited to,
17	management, administrative, accounting, data processing, marketing, underwriting,
18	claims handling, investment, or any other similar functions.
19	(ii) Essential to the insurer's ability to fulfill its obligations under insurance
20	policies.
21	(b) The commissioner may require that an agreement or contract, pursuant
22	to Subparagraph (2)(d) of this Subsection, for the provision of any services described
23	in Items (a)(i) and (ii) of this Paragraph specify that the affiliate consents to the
24	jurisdiction as set forth in this Paragraph.
25	* * *
26	§691.10. Confidential treatment
27	A.(1) Documents, materials, or other information in the possession or control
28	of the Department of Insurance department that are obtained by or disclosed to the
29	commissioner or any other person in the course of an examination or investigation

made pursuant to R.S. 22:691.8 and all information reported or provided to the
commissioner pursuant to R.S. 22:691.4(B)(12) and (13), 691.6, 691.7, and 691.9.1

and its affiliates who would be affected thereby notice and opportunity to be heard,
determines that the interest of policyholders, shareholders, or the public will be
served by the publication thereof, in which event the commissioner may publish all
or any part in such manner as may be deemed appropriate.
(2) For purposes of the information reported and provided to the department
pursuant to R S 22:691 6(M) the commissioner shall maintain the confidentiality
