EXPENDITURE EXPLANATION

There will be no change in the total amount of Education Excellence Fund distributions to eligible schools. However, there will be an increase in the number of entities receiving funding. FY 22 appropriations from the EEF total \$14.7 M statewide.

The special schools listed in Article VII, Section 10.8(C)(3)(b) of the state constitution are provided EEF funding in the amount of \$75,000 plus an allocation for each pupil equal to the average statewide per pupil amount provided each city, parish, and local school system. The Louisiana Department of Education (LDE) projects that if 100 students were enrolled in the proposed school, the school would receive a total EEF appropriation of \$76,800. The amount appropriated to all other school systems would, in total, decrease by this amount, making the appropriation cost-neutral.

Note: The Constitution states that special schools may only receive allocations from the EEF after they are operational.

REVENUE EXPLANATION

There will be an increase in revenues for the École Pointe-au-Chien as a result of its inclusion as an eligible participant in the distribution of the Education Excellence Fund (EEF). Actual amounts will be determined by the amount of available fund revenues and student enrollment (as applicable).

All other schools will receive a slight reduction in EEF funding due to the appropriation made for the proposed school. The total reduction to all other schools will equal the appropriation provided to École Pointe-au-Chien, which the LDE projects would be \$76,800 if enrollment equals 100 students.
