20          recognized as granting a privilege to practice professional counseling in any other  
21          member state.

22          E. Nothing in this compact shall affect the requirements established by a  
23          member state for the issuance of a single state license.

24          F. A license issued to a licensed professional counselor by a home state to  
25          a resident in that state shall be recognized by each member state as authorizing a

27          to practice, in each member state.

1        §1134. Privilege to practice

2                A. To exercise the privilege to practice under the terms and provisions of the

21       is taken.

22               B. The privilege to practice is valid until the expiration date of the home

26       privilege to practice shall adhere to the laws and regulations of the remote state.

27               D. A licensee providing professional counseling services in a remote state  
28       is subject to that state's regulatory authority. A remote state may, in accordance with  
29       due process and that state's laws, remove a licensee's privilege to practice in the

1        remote state for a specific period of time, impose fines, and take any other necessary  
2        actions to protect the health and safety of its citizens. The licensee is not eligible for  
3        a privilege to practice in any member state until the specific time for removal has  
4        passed and all fines are paid.

5            E. If a home state license is encumbered, the licensee shall lose the privilege  
6        to practice in any remote state until all of the following occur:

7            (1) The home state license is no longer encumbered.

8            (2) The licensee has not had any encumbrance or restriction against any  
9        license or privilege to practice within the previous two years.

10           F. Once an encumbered license in the home state is restored to good  
11        standing, the licensee shall meet the requirements of Subsection A of this Section to  
12        obtain a privilege to practice in any remote state.

13           G. If a licensee's privilege to practice in any remote state is removed, the  
14        licensee shall lose the privilege to practice in all other remote states until all of the  
15        following have occurred:

16           (1) The specific period of time for which the privilege to practice was  
17        removed has ended.

18           (2) All fines have been paid.

19           (3) The licensee has not had any encumbrance or restriction against any  
20        license or privilege to practice within the previous two years.

21           H. Once the requirements of Subsection G of this Section have been met, the  
22        licensee shall meet the requirements in Subsection A of this Section to obtain a  
23        privilege to practice in a remote state.

24        §1135. Obtaining a new home state license based upon the privilege to practice

25           A. A licensed professional counselor may hold a license issued by the home  
26        state, which allows for a privilege to practice, in only one member state at a time.

27           B. If a licensed professional counselor changes his primary state of residence  
28        by moving between two member states:

1           (1) The licensed professional counselor shall file an application for obtaining  
2           a new home state license based on a privilege to practice, pay all applicable fees, and  
3           notify the current and new home state in accordance with applicable rules adopted  
4           by the commission.

5           (2) Upon receipt of an application for obtaining a new home state license by  
6           virtue of a privilege to practice, the new home state shall verify that the licensed  
7           professional counselor meets the pertinent criteria outlined in R.S. 37:1134 via the  
8           data system, without need for primary source verification except for:

9           (a) A Federal Bureau of Investigation fingerprint-based criminal background  
10          check if not previously performed or updated pursuant to applicable rules adopted  
11          by the commission in accordance with Public Law 92-544.

12          (b) Other criminal background checks as required by the new home state.

13          (c) Completion of any requisite jurisprudence requirements of the new home  
14          state.

15          (3) The former home state shall convert the former home state license into  
16          a privilege to practice once the new home state has activated the new home state  
17          license in accordance with applicable rules adopted by the commission.

18          (4) If a licensed professional counselor does not meet the criteria for a  
19          privilege to practice described in R.S. 37:1134, the new home state for the licensed  
20          professional counselor shall apply its requirements for issuing a new single-state  
21          license.

22          (5) The licensed professional counselor who obtains a new home state  
23          license by the criteria described in this Section shall pay all applicable fees to the  
24          new home state in order to be issued a new home state license.

25          C. If a licensed professional counselor changes his primary state of residence  
26          by moving from a member state to a nonmember state, or from a nonmember state  
27          to a member state, the state criteria shall apply for issuance of a single-state license  
28          in the new state.

1           D. Nothing in this compact shall interfere with a licensee’s ability to hold a  
2           single-state license in multiple states; however, for the purposes of this compact, a  
3           licensee shall have only one home state license.

4           E. Nothing in this Section shall affect the requirements established by a  
5           member state for the issuance of a single-state license.

6           §1136. Active duty military personnel or his spouses

7           Active duty military personnel, or the spouse of an active duty member of the  
8           military, shall designate a home state where the individual has a current license in  
9           good standing. The individual may retain the home state designation during the  
10          period the service member is on active duty. Subsequent to designating a home state,  
11          the individual shall only change his home state through application for licensure in  
12          the new state or through the process outlined in R.S. 37:1135.

13          §1137. Compact privilege to practice telehealth

14          A. Member states shall recognize the right of a licensed professional  
15          counselor, licensed by a home state in accordance with R.S. 37:1133 and under rules

18          promulgated by the commission.

19          B. A licensee providing professional counseling services in a remote state  
20          under the privilege to practice shall adhere to the laws and regulations of the remote  
21          state.

22          §1138. Adverse actions

23          A.(1) In addition to the other powers conferred by state law, a remote state  
24          shall have the authority, in accordance with the existing state due process law, to:

26                  to practice within that member state.

27                  (b) Issue subpoenas for both hearings and investigations that require the  
28                  attendance and testimony of witnesses as well as the production of evidence.

29          Subpoenas issued by a licensing board in a member state for the attendance and

1 testimony of witnesses or the production of evidence from another member state  
2 shall be enforced in the latter state by any court of competent jurisdiction, according  
3 to the practice and procedure of that court applicable to subpoenas issued in  
4 proceedings pending before it. The issuing authority shall pay any witness fees,  
5 travel expenses, mileage, and other fees required by the service statutes of the state  
6 in which the witnesses or evidence are located.

7 (2) Only the home state shall have the power to take adverse action against  
8 a licensed professional counselor's license issued by the home state.

9 B. For purposes of taking adverse action, the home state shall give the same  
10 priority and effect to reported conduct received from a member state as it would if  
11 the conduct had occurred within the home state. In so doing, the home state shall  
12 apply its own state laws to determine appropriate action.

13 C. The home state shall complete any pending investigations of a licensed  
14 professional counselor who changes his primary state of residence during the course  
15 of the investigations. The home state shall also have the authority to take appropriate  
16 action and shall promptly report the conclusions of the investigations to the  
17 administrator of the data system. The administrator of the coordinated licensure  
18 information system shall promptly notify the new home state of any adverse actions.

19 D. A member state, if otherwise permitted by state law, may recover from  
20 the affected licensed professional counselor the costs of investigations and  
21 disposition of cases resulting from any adverse action taken against that licensed  
22 professional counselor.

23 E. A member state may take adverse action based on the factual findings of  
24 the remote state, provided that the member state follows its own procedures for  
25 taking the adverse action.

26 F. Joint investigations:

27 (1) In addition to the authority granted to a member state by its respective  
28 professional counseling practice act or other applicable state law, any member state  
29 may participate with other member states in joint investigations of licensees.

1           (2) Member states shall share any investigative, litigation, or compliance  
2           materials in furtherance of any joint or individual investigation initiated under the  
3           compact.

4           G. If adverse action is taken by the home state against the license of a  
5           licensed professional counselor, the licensed professional counselor's privilege to  
6           practice in all other member states shall be deactivated until all encumbrances have  
7           been removed from the state license. All home state disciplinary orders that impose  
8           adverse action against the license of a licensed professional counselor shall include  
9           a statement that the licensed professional counselor's privilege to practice is  
10           deactivated in all member states during the pendency of the order.

11           H. If a member state takes adverse action, it shall promptly notify the  
12           administrator of the data system. The administrator of the data system shall  
13           promptly notify the home state of any adverse actions by remote states.

8 property or personal injury or other civil liability caused by or arising out of any  
9 actual or alleged act, error, or omission that occurred, or that the person against  
10 whom the claim is made had a reasonable basis for believing occurred within the  
11 scope of commission employment, duties, or responsibilities; provided that nothing  
12 in this Subparagraph shall be construed to protect any such person from suit or

14 or wanton misconduct of that person.

15 (b) The commission shall defend any member, officer, executive director,  
16 employee, or representative of the commission in any civil action seeking to impose  
17 liability arising out of any actual or alleged act, error, or omission that occurred  
18 within the scope of commission employment, duties, or responsibilities, or that the  
19 person against whom the claim is made had a reasonable basis for believing occurred  
20 within the scope of commission employment, duties, or responsibilities; provided  
21 that nothing in this Subparagraph shall be construed to prohibit that person from

23 or omission did not result from that person's intentional or willful or wanton  
24 misconduct.

25 (c) The commission shall indemnify and hold harmless any member, officer,  
26 executive director, employee, or representative of the commission for the amount of  
27 any settlement or judgment obtained against that person arising out of any actual or

29 employment, duties, or responsibilities, or that such person had a reasonable basis

1 for believing occurred within the scope of commission employment, duties, or  
2 responsibilities, provided that the actual or alleged act, error, or omission did not  
3 result from the intentional, willful, or wanton misconduct of that person.

4 §1140. Data system

5 A. The commission shall provide for the development, maintenance, and  
6 utilization of a coordinated database and reporting system containing licensure,  
7 adverse action, and investigative information on all licensed individuals in member  
8 states.

9 B. Notwithstanding any other provision of state law to the contrary, a  
10 member state shall submit a uniform data set to the data system on all individuals to  
11 whom this compact is applicable as required by the rules of the commission,  
12 including all of the following:

13 (1) Identifying information.

14 (2) Licensure data.

16 (4) Non-confidential information related to alternative program participation.

17 (5) Any denial of application for licensure, and the reason for such denial.

19 as determined by the rules of the commission.

20 (7) Current significant investigative information.

21 C. Investigative information pertaining to a licensee in any member state  
22 shall only be available to other member states.

23 D. The commission shall promptly notify all member states of any adverse  
24 action taken against a licensee or an individual applying for a license. Adverse action  
25 information pertaining to a licensee in any member state shall be available to any  
26 other member state.

27 E. Member states contributing information to the data system may designate  
28 information that may not be shared with the public without the express permission  
29 of the contributing state.

1           F. Any information submitted to the data system that is subsequently  
2           required to be expunged by the laws of the member state contributing the  
3           information shall be removed from the data system.

4           §1141. Rulemaking

5           A. The commission shall promulgate reasonable rules in order to effectively  
6           and efficiently achieve the purpose of the compact. Notwithstanding the foregoing,  
7           in the event the commission exercises its rulemaking authority in a manner that is  
8           beyond the scope of the purposes of the compact, or the powers granted hereunder,  
9           then such an action by the commission shall be invalid and have no force or effect.

10           B. The commission shall exercise its rulemaking powers pursuant to the  
11           criteria set forth in this Section and the rules adopted in accordance with this Section.  
12           Rules and amendments shall become binding as of the date specified in each rule or  
13           amendment.

14           C. If a majority of the legislatures of the member states rejects a rule, by  
15           enactment of a statute or resolution in the same manner used to adopt the compact  
16           within four years of the date of adoption of the rule, then such rule shall have no  
17           further force and effect in any member state.

18           D. Rules or amendments to the rules shall be adopted at a regular or special  
19           meeting of the commission.

20           E. Prior to promulgation and adoption of a final rule or rules by the  
21           commission, and at least thirty days in advance of the meeting at which the rule will  
22           be considered and voted upon, the commission shall file a notice of proposed  
23           rulemaking in all of the following areas:

24           (1) On the website of the commission or other publicly accessible platform.

25           (2) On the website of each member state's professional counseling licensing  
26           board or other publicly accessible platform or the publication in which each state  
27           would otherwise publish proposed rules.

28           F. The notice of proposed rulemaking shall include all of the following:

1           (1) The proposed time, date, and location of the meeting in which the rule  
2           will be considered and voted upon.

3           (2) The text of the proposed rule or amendment and the reason for the  
4           proposed rule.

5           (3) A request for comments on the proposed rule from any interested person.

6           (4) The manner in which interested persons may submit notice to the  
7           commission of their intention to attend the public hearing and any written comments.

8           G. Prior to adoption of a proposed rule, the commission shall allow persons  
9           to submit written data, facts, opinions, and arguments, which shall be made available  
10          to the public.

11          H. The commission shall grant an opportunity for a public hearing before it  
12          adopts a rule or amendment if a hearing is requested by any of the following parties:

13           (1) At least twenty-five persons.

14           (2) A state or federal governmental subdivision or agency.

15           (3) An association having at least twenty-five members.

16          I.(1) If a hearing is held on the proposed rule or amendment, the commission  
17          shall publish the place, time, and date of the scheduled public hearing. If the hearing  
18          is held via electronic means, the commission shall publish the mechanism for access  
19          to the electronic hearing.

20           (2) All persons wishing to be heard at the hearing shall notify the executive  
21          director of the commission or other designated member in writing of their desire to  
22          appear and testify at the hearing no less than five business days before the scheduled  
23          date of the hearing.

24           (3) Hearings shall be conducted in a manner providing each person who  
25          wishes to comment a fair and reasonable opportunity to comment orally or in  
26          writing.

27           (4) All hearings shall be recorded. A copy of the recording shall be made  
28          available on request.

1           (5) Nothing in this section shall be construed as requiring a separate hearing  
2           on each rule. Rules may be grouped for the convenience of the commission at  
3           hearings required by this section.

4           J. Following the scheduled hearing date, or by the close of business on the  
5           scheduled hearing date if the hearing was not held, the commission shall consider all  
6           written and oral comments received.

7           K. If no written notice of intent to attend the public hearing by interested  
8           parties is received, the commission may proceed with promulgation of the proposed  
9           rule without a public hearing.

10          L. The commission shall, by majority vote of all members, take final action  
11          on the proposed rule and shall determine the effective date of the rule, if any, based  
12          on the rulemaking record and the full text of the rule.

13          M. Upon determination that an emergency exists, the commission may  
14          consider and adopt an emergency rule without prior notice, opportunity for comment,  
15          or hearing, provided that the usual rulemaking procedures provided in the compact  
16          and in this Section shall be retroactively applied to the rule as soon as reasonably  
17          possible, but in no event later than ninety days after the effective date of the rule. For  
18          the purposes of this Subsection, an emergency rule is one that shall be adopted  
19          immediately in order to:

20                 (1) Meet an imminent threat to public health, safety, or welfare.

21                 (2) Prevent a loss of commission or member state funds.

22                 (3) Meet a deadline for the promulgation of an administrative rule that is  
23                 established by federal law or rule.

24                 (4) Protect public health and safety.

25          N. The commission or an authorized committee of the commission may  
26          direct revisions to a previously adopted rule or amendment for purposes of correcting  
27          typographical errors, errors in format, errors in consistency, or grammatical errors.  
28          Public notice of any revisions shall be posted on the website of the commission. The  
29          revision shall be subject to challenge by any person for a period of thirty days after

1 posting. The revision may be challenged only on grounds that the revision results  
2 in a material change to a rule. A challenge shall be made in writing and delivered  
3 to the chair of the commission prior to the end of the notice period. If no challenge  
4 is made, the revision shall take effect without further action. If the revision is  
5 challenged, the revision may not take effect without the approval of the commission.

6 §1142. Oversight; dispute resolution; enforcement

7 A. All of the following provisions shall apply with respect to the compact:

8 (1) The executive, legislative, and judicial branches of state government in  
9 each member state shall enforce this compact and take all actions necessary and  
10 appropriate to effectuate the compact's purposes and intent. The provisions of this  
11 compact and the rules promulgated hereunder shall have standing as statutory law.

12 (2) All courts shall take judicial notice of the compact and the rules in any  
13 judicial or administrative proceeding in a member state pertaining to the subject  
14 matter of this compact which may affect the powers, responsibilities, or actions of  
15 the commission.

16 (3) The commission shall be entitled to receive service of process in any  
17 such proceeding and shall have standing to intervene in the proceeding for all  
18 purposes. Failure to provide service of process to the commission shall render a  
19 judgment or order void as to the commission, this compact, or promulgated rules.

20 B.(1) All of the following provisions relative to default, technical assistance,  
21 and termination shall apply with respect to default, technical assistance, and  
22 termination:

23 (2) If the commission determines that a member state has defaulted in the  
24 performance of its obligations or responsibilities under this compact or the  
25 promulgated rules, the commission shall do all of the following:

26 (a) Provide written notice to the defaulting state and other member states of  
27 the nature of the default, the proposed means of curing the default, and any other  
28 action to be taken by the commission.

1           (b) Provide remedial training and specific technical assistance regarding the  
2           default.

3           C. If a state in default fails to cure the default, the defaulting state may be  
4           terminated from the compact upon an affirmative vote of a majority of the member  
5           states, and all rights, privileges, and benefits conferred by this compact may be  
6           terminated on the effective date of termination. A cure of the default does not  
7           relieve the offending state of obligations or liabilities incurred during the period of  
8           default.

9           D. Termination of membership in the compact shall be imposed only after  
10          all other means of securing compliance have been exhausted. Notice of intent to  
11          suspend or terminate shall be given by the commission to the governor, the majority  
12          and minority leaders of the defaulting state's legislature, and each of the member  
13          states.

14          E. A state that has been terminated is responsible for all assessments,  
15          obligations, and liabilities incurred through the effective date of termination,  
16          including obligations that extend beyond the effective date of termination.

17          F. The commission shall not bear any costs related to a state that is found to  
18          be in default or that has been terminated from the compact, unless agreed upon in  
19          writing between the commission and the defaulting state.

20          G. The defaulting state may appeal the action of the commission by  
21          petitioning the United States District Court for the District of Columbia or the federal  
22          district where the commission has its principal offices. The prevailing member shall  
23          be awarded all costs of such litigation, including reasonable attorney fees.

24          H. All of the following dispute resolution requirements shall apply to the  
25          commission:

26                 (1) Upon request by a member state, the commission shall attempt to resolve  
27                 disputes related to the compact that arise among member states and between member  
28                 and nonmember states.

1           (2) The commission shall promulgate a rule providing for both mediation  
2           and binding dispute resolution for disputes as appropriate.

3           I. All of the following provisions relating to enforcement shall apply with  
4           respect to the commission and the compact:

5           (1) The commission, in the reasonable exercise of its discretion, shall enforce  
6           the provisions and rules of this compact.

7           (2) By majority vote, the commission may initiate legal action in the United  
8           States District Court for the District of Columbia or the federal district where the  
9           commission has its principal offices against a member state in default to enforce  
10           compliance with the provisions of the compact and its promulgated rules and bylaws.  
11           The relief sought may include both injunctive relief and damages. In the event  
12           judicial enforcement is necessary, the prevailing member shall be awarded all costs  
13           of such litigation, including reasonable attorney fees.

14           (3) The remedies herein shall not be the exclusive remedies of the  
15           commission. The commission may pursue any other remedies available under  
16           federal or state law.

17           §1143. Date of implementation of the commission for counseling profession  
18           compact, practice and associate rules, withdrawal, and amendment

19           A. The compact shall come into effect on the date on which the compact  
20           statute is enacted into law in the tenth member state. The provisions, which become

10          prevent any professional counseling licensure agreement or other cooperative  
11          arrangement between a member state and a nonmember state that does not conflict  
12          with the provisions of this compact.

13          E. This compact may be amended by the member states. No amendment to  
14          this compact shall become effective and binding upon any member state until it is  
15          enacted into the laws of all member states.

16          §1144. Construction and severability

17          This compact shall be liberally construed so as to effectuate its purposes. The  
18          provisions of this compact shall be severable and if any phrase, clause, sentence, or

22          compact and the applicability thereof to any government, agency, person or  
23          circumstance shall not be affected thereby. If this compact shall be held contrary to  
24          the constitution of any member state, the compact shall remain in full force and  
25          effect as to the remaining member states and in full force and effect as to the member
