HOUSE CONCURRENT RESOLUTION NO. 17

BY REPRESENTATIVE HODGES

FLOODING/CONTROL: Continues the Comite River Diversion Canal Project Task Force

1 A CONCURRENT RESOLUTION

2 To continue the Comite River Diversion Canal Project Task Force, which includes the
3 Amite River Basin District, and to authorize the task force to study and make
4 recommendations on actions necessary to complete construction of the Comite River
5 Diversion Project and mitigate flooding caused by the Comite and Amite rivers.

6 WHEREAS, the Amite River and its tributary, the Comite River, are major causes
7 of catastrophic flooding in the Greater Baton Rouge Metropolitan Area and all impacted
8 downstream communities of East Baton Rouge Parish, Livingston Parish, and Ascension
9 Parish; and

10 WHEREAS, during the floods of 1983 and 2016, substantial portions of the parishes
11 of East Baton Rouge, Livingston, and Ascension were inundated with flood waters; and

12 WHEREAS, the purpose of the Comite River Diversion Canal Project is to divert
13 flood waters from the upper Comite River to the Mississippi River; at its maximum capacity,
14 the project will divert twenty thousand cubic feet per second by gravity flow; and

15 WHEREAS, once completed, the Comite River Diversion Canal could divert fifty
16 percent of the flood waters from the upper Comite River, which would substantially reduce
17 flood stages along the lower Comite and Amite rivers; and

18 WHEREAS, following the displacement of thousands of residents from the New
19 Orleans area after Hurricane Katrina, East Baton Rouge Parish experienced an explosive
20 population growth and is now the most populous parish in the state, making the Comite
21 River Diversion Canal Project all the more important and urgently significant.

1 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
2 continue the Comite River Diversion Canal Project Task Force, which includes the Amite
3 River Basin District, and authorizes the task force to meet and make recommendations to the
4 legislature and the appropriate state and federal agencies on actions necessary to complete
5 the construction and maintenance of the Comite River Diversion Canal Project, including
6 strategies to comply with mitigation requirements and right-of-way acquisitions, mitigation
7 of flooding caused by the Comite River, other required mitigation projects and flood plain
8 planning throughout the Amite River Basin, and the actions of the watershed initiative
9 pertaining to the Amite River Basin to maintain transparency to the citizens of the Amite
10 River Basin.

11 BE IT FURTHER RESOLVED that the task force shall be comprised of the
12 following members:

13 (1) One member shall be the member of the House of Representatives appointed
14 by the speaker of the House whose district is directly impacted by the Amite River Basin and
15 who shall be the chairman of the task force.

16 (2) Two members shall be members of the House of Representatives appointed
17 by the speaker of the House whose districts are directly impacted by the Amite River Basin.
