CONFERENCE COMMITTEE REPORT DIGEST

SB 183

2022 Regular Session

Fred Mills

Keyword and summary of the bill as proposed by the Conference Committee

FEES/LICENSES/PERMITS. Provides relative to transparency in the application process for any state-issued license or permit. (8/1/22)

Report adopts House amendments to:

1. Require a state entity that uses a nationwide licensing or registry system to post a website link to the nationwide licensing or registry application and a reasonable estimate of time line for application approval.

Report rejects House amendments which would have:

1. Change references from "board, commission, or agency" to "board, commission, or like entity".

Report amends the bill to:

1. Change references from "board, commission, or agency" to "state entity".
2. Define "state agency".

Digest of the bill as proposed by the Conference Committee

Proposed law requires each state entity in the executive branch or state entity governed by present law provisions of Title 37, Professions and Occupations, that issues a permit or license to post all of the following on its website:

- (1) Detailed instructions regarding the information needed to complete the application process.
- (2) Contact information for the individual within the state entity responsible for responding to inquiries about the application process.
- (3) Information regarding the anticipated timeline for review of an application.
- (4) The report prepared for the oversight committee or subcommittee pursuant to proposed law.

Proposed law provides that if a state entity uses a nationwide licensing or registry system, the state entity shall post a website link to the nationwide licensing or registry application and a reasonable estimate of time line for application approval.

Proposed law requires each state entity to annually submit to its respective legislative oversight committee or subcommittee a report containing the number of permits and licenses applied for, number of permits or licenses issued, and the timelines for approval of an application.

Proposed law requires each state entity to post the required information and report on the website of the department of which it is a part if the entity does not have a website.

Proposed law defines "state agency" as any department, office, division, commission, council, board, bureau, or other regulatory agency of state government.
