Provides relative to the creation of an online handgun education course

Proposed law creates the LA Firearm Safety Awareness Act that provides for an 2-hour online handgun education course by the LA State Police at no cost to residents. Proposed law provides for the topics covered in the online course that shall be divided into eight segments that are at least 15 minutes per segment. Proposed law provides online course in optional and not a requirement for obtaining a concealed handgun permit as well as the online course shall not grant any person the right to carry a concealed handgun.

EXPENDITURE EXPLANATION

Proposed law is estimated to increase state expenditures by at least \$20,290 (assumed to be SGF) in the Office of State Police within the Department of Public Safety (DPS) for programming changes to the Concealed Handgun system and an indeterminable amount to develop a 60-minute education course as well as increase by an indeterminable amount to maintain a searchable database of licensed handgun and firearm instructors.

The proposed law will require modifications to the State Police Concealed Handgun system. DPS indicates the proposed law may require approximately 250 hours of overtime for the Information Services Section at an average cost of \$80 per hour (\$80 x 250 = \$20,000) plus associated Medicare expenses (\$20,000 x 1.45% = \$290), or a total of \$20,290. To develop the 60-minute online course, the department reports an indeterminable one-time expenditure for video production costs. Also, the proposed law requires State Police to maintain an online database of all licensed handgun and firearm instructions to allow the public can search for classes. Currently, the State Police maintains a report on their website listing all licensed instructions. To the extent the existing State Police report does not address the requirements of this measure, there will be an indeterminable increase within the department for developing and maintaining a searchable database.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
