Abstract: Provides for uses of monies in the Revenue Stabilization Trust Fund.

Present law establishes the Revenue Stabilization Trust Fund and provides for deposits and uses of monies in the fund.

Present law authorizes use of monies in the fund if the balance of the fund at the beginning of the year is in excess of \$5 billion. Proposed law retains present law.

Present law further restricts appropriations from the fund in such circumstances to a maximum of 10% of the fund balance. Proposed law restricts appropriations from the fund in such circumstances to a maximum aggregate of 10% of the fund balance.

Present law authorizes use of monies in the fund in such circumstances for capital outlay projects and transportation infrastructure. Proposed law authorizes use of monies in the fund for capital outlay projects, transportation infrastructure, or both.

Present law authorizes the legislature to appropriate from the fund in case of emergency regardless of the fund balance and without a maximum cap on withdrawals. Proposed law removes the ability of the legislature to spend in an emergency without a maximum cap on withdrawals. Further restricts use of fund monies regardless of the fund balance to offsetting a deficit in the current or ensuing fiscal year if sufficient revenue to solve the deficit cannot be withdrawn from the Budget Stabilization Trust Fund. Additionally, requires the consent of 2/3 of the legislature for such appropriation and institutes a maximum withdrawal of \$250 million for each such deficit.
