**Abstract:** Specifies that any public contract provision that violates provisions of law governing motor carrier transportation contracts and construction contracts is invalid.

Present law (R.S. 38:2195(A)) specifies that any provision contained in a public contract, except a provision naming a co-insured or additional beneficiary in a contract of insurance, which requires a public entity to assume liability for damages arising out of injuries or property damage to the contracting parties or to third parties caused by the negligence of anyone other than the public body, its employees, or agents, is contrary to the public policy of the state of La. Further specifies that any and all such provisions in any public contract issued on or after Oct. 1, 1988, is null and void.

Present law (R.S. 38:2195(B)) specifies that the provisions of present law are not applicable to intrastate intergovernmental contracts and to contracts with private providers for the placement and care of persons in the custody of the state.

Present law (R.S. 38:2195(C)) specifies that the provisions of present law do not apply to contracts between a public entity and the owner of immovable property when the contract grants the public entity a servitude, right of way, or other authority to go upon, construct works, perform activities, or otherwise exercise control over or use the owner's property.

Proposed law redesignates provisions of present law and adds a provision that specifies that any provision contained in a public contract that is in violation of present law (R.S. 9:2780.1), governing motor carrier transportation contracts and construction contracts, is null and void.

Present law (R.S. 48:251.7(A)) specifies that any provision contained in a department contract, except a provision naming a co-insured or additional beneficiary in a contract of insurance, which requires the department to assume liability for damages arising out of injuries or property damage to the contracting parties or to third parties caused by the negligence of anyone other than the department, its employees, or agents, is contrary to the public policy of the state of La. Further specifies that any and all such provisions in any department contract is null and void.

Present law (R.S. 48:251.7(B)) specifies that the provisions of present law do not apply to contracts between the department and the owner of immovable property when the contract grants the department a servitude, right-of-way, or other authority to go upon, construct works, perform activities, or to otherwise exercise control over or use the owner's property.

Proposed law redesignates present law and adds a provision that specifies that any provision contained in a public contract that is in violation of present law (R.S. 9:2780.1), governing motor carrier transportation contracts and construction contracts, is null and void.

(Amends R.S. 38:2195(B) and (C) and R.S. 48:251.7(B); Adds R.S. 38:2195(D) and R.S. 48:251.7(C))
