EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. This measure requires the Legislative Auditor to submit an annual report about certain performance audits to the Legislative Audit Advisory Committee. The cost to produce this report is nominal and can be absorbed through the agency's existing budget. Proposed law also provides that auditees shall report their progress in implementing recommended changes based on performance audit reports to the auditor. Given that this is the current practice, there is no anticipated cost for auditees.
