DIGEST

SB 12 Engrossed 2023 Regular Session Fields

Present law requires each institution of higher education that competes in intercollegiate athletics to have an automated external defibrillator (AED) on its premises in its athletic department.

Present law requires AEDs, if funding is available, to be on the premises of each high school. Further requires the Louisiana Department of Health to promulgate rules and regulations.

Proposed law requires each postsecondary education institution, elementary, middle, and high school to have an AED on its premises in an easily accessible location.

Proposed law requires that an AED and a trained AED user who is also trained in first-aid CPR be at each athletic event sponsored by a postsecondary institution and elementary, middle, or high school.

Proposed law requires each postsecondary education institution, elementary, middle, and high school to have a "cardiac emergency response plan". Proposed law further requires each president or chancellor of a postsecondary education institution and the principal of each elementary, middle, and high school to prepare the plan jointly with local emergency responders.

Proposed law provides that rules and regulations be developed to ensure periodic testing and maintenance of each AED to ensure the AED is kept in working order and to prescribe appropriate training for persons designated to use and maintain an AED.

Proposed law requires the provisions of proposed law to be implemented beginning with the 2024-2025 school year.

Effective upon signature of the governor or lapse of time for gubernatorial action.
