2023 Regular Session

SENATE CONCURRENT RESOLUTION NO. 49

BY SENATOR MILLIGAN

TECHNOLOGY. Requests the Joint Committee on Technology and Cybersecurity to study the impact of artificial intelligence in operations, procurement, and policy.

1	A CONCURRENT RESOLUTION
2	To urge and request the Joint Legislative Committee on Technology and Cybersecurity to
3	study the impact of artificial intelligence on operations, procurement, and policy, and
4	submit a written report of its findings to the House Committee on Commerce and the
5	Senate Committee on Commerce, Consumer Protection and International Affairs not
6	later than sixty days prior to the beginning of the 2024 Regular Session of the
7	Legislature of Louisiana.
8	WHEREAS, artificial intelligence combines computer science and robust datasets
9	to enable problem-solving measures directly to consumers; and
10	WHEREAS, ninety-seven percent of mobile users are using artificial intelligence
11	powered voice assistants, thirty-five percent of companies are using artificial intelligence
12	powered applications, and ninety-one percent of leading businesses invest in artificial
13	intelligence on an ongoing basis; and
14	WHEREAS, artificial intelligence has become prevalent in both individual and
15	commercial use including private industry vendors doing business with the state of
16	Louisiana.
17	THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
18	urge and request the Joint Legislative Committee on Technology and Cybersecurity to study

the impact of artificial intelligence on operations, procurement, and policy; research rapidly
advancing technology and science to update and maintain policies, processes, and systems
in state agencies, and submit a written report of its findings to the House Committee on
Commerce and the Senate Committee on Commerce, Consumer Protection and International
Affairs not later than sixty days prior to the beginning of the 2024 Regular Session of the
Legislature of Louisiana.

BE IT FURTHER RESOLVED that the written report shall propose
 recommendations, together with specific proposals for legislation, to help government and
 businesses in Louisiana realize the benefits of artificial intelligence and to protect consumers
 associated with the use of new artificial intelligence technology.

BE IT FURTHER RESOLVED that the Joint Legislative Committee on Technology and Cybersecurity solicit input, information, data, recommendations, and advice from the Department of Economic Development, the office of technology services, Division of Administration, the Department of Justice, and industry partners.

15 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the

16 Joint Legislative Committee on Technology and Cybersecurity.

The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Xavier I. Alexander.

	DIGEST	
SCR 49 Original	2023 Regular Session	Milligan

Requests the Joint Legislative Committee on Technology and Cybersecurity to study the impact of artificial intelligence on operations, procurement, and policy and submit a written report of its findings to the House Committee on Commerce and the Senate Committee on Commerce, Consumer Protection and International Affairs not later than 60 days prior to the beginning of the 2024 R.S.
