Dept./Agy.: Division of Administration/Facility Planning and Control		Analyst: Chris Henry
Subject: Supplier Product Approval Timeframe		

CONTRACTS

EN NO IMPACT See Note

Page 1 of 1

Provides relative to the prior approval process available to potential suppliers

Proposed law extends the time period in which a prime design professional shall approve or deny a supplier request to substitute a particular product prior to the opening of the bid process. Current law requires the prime design professional to provide a written response within three (3) days of a supplier's request to alter a product and if no response is provided the request would be assumed approved. Proposed law changes the time period from three (3) to ten (10) days and removes the provision of automatic approval. If the prime design professional does not respond to a request within the time period, the bid is extended for seven to twenty-one working days. Current law requires the request to consider a product substitute be submitted no later than seven (7) working days prior to the opening of bids. Proposed law changes the time period for submission to fourteen (14) working days prior to the opening of bids.

EXPENDITURES	2023-24	2024-25	2025-26	2026-27	2027-28	5 -YEAR TOTAL

Annual Total	\$0	\$0	\$0	\$0	\$0	\$0

EXPENDITURE EXPLANATION

There are no direct material effects to governmental expenditures as a result of this legislation. The proposed legislation allows more time for a prime design professional to effectively evaluate a proposed product substitution.

REVENUE EXPLANATION

There are no direct material effects to governmental revenues resulting from this legislation.
