**EXPENDITURE EXPLANATION**

Proposed law may increase workload in the LA Department of Insurance (LDI) as this measure enacts the LA Churches and NonProfit Religious Organizations Self-Insured Fund that requires regulation authority, audits, examinations, investigation, and other duties by the department. The LA Churches and NonProfit Religious Organizations Self-Insured Fund will allow Louisiana churches and nonprofit religious organizations to pool resources together to provide property insurance for their buildings.

The proposed law authorizes LDI to recover from the LA Churches and NonProfit Religious Organizations Self-Insured Fund all expenses incurred by examiners, auditors, accountants, actuaries, attorneys, clerical or other assistants, and any other expenses incurred in the examination and investigation of the fund. LDI reports a minimal workload increase from the creation of self-insurance funds under this measure. The Legislative Fiscal Office (LFO) assumes any workload and resources utilized within LDI associated with the creation, regulation, examination, and investigation of self-insurance funds for churches and nonprofit religious organizations buildings under this measure will be recovered from the self-insurance funds.

**Division of Administrative Law** - Proposed law may result in an indeterminable increase associated with administrative hearings by the Division of Administrative Law (DAL). The proposed law provides that any administrative hearing to resolve a dispute related to the regulation of the self-insurance fund will conducted by an administrative law judge with the DAL. The Legislative Fiscal Office cannot anticipate the number of administrative hearings that will actually occur.

**REVENUE EXPLANATION**

Proposed law provides for a civil fine of up to \$250 per occurrence to any person subject to the regulatory authority of LDI that fails to comply with any directives issued by the Commissioner of Insurance. The LFO presumes the potential revenue may accrue to LDI due to the required levy by the Commissioner, but this point is unclear as civil penalties generally accrue to local governing authorities. The number of individuals that may violate the proposed law and be assessed civil fines by the Commissioner of Insurance is speculative and indeterminable.

Proposed law provides for a fine of up to \$50,000, or imprisonment with or without hard labor for up to 5 years, or both if a person is convicted of falsely representing, materially misrepresenting, or failing to disclose to LDI in connection with any hearing, investigation, or examination of a self-insurance fund. The number of individuals that may be convicted of not disclosing is speculative and indeterminable. The potential revenue will accrue to the local government entities.
