Subject: Cytomegalovirus

CHILDREN/NEWBORNS REF GF EX See Note Page 1 of 1
 Provides relative to the mandatory screening of all newborns for early detection of the cytomegalovirus (CMV)

Proposed law, under certain circumstances, requires a healthcare provider attending a newborn child to test for the cytomegalovirus (CMV) if the newborn fails the newborn hearing screen.

Proposed law further requires the La. Dept. of Health (LDH) to provide payment directly to Medicaid providers for the costs incurred as a result of CMV testing.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. LDH indicates that CMV testing will not be performed in an OPH lab and that the Medicaid inpatient per diem rate will not change, resulting in no additional cost to the department. However, providers and insurance companies will incur the cost of administering the test. The impact of this cost on providers and insurance companies is indeterminable at this time.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
