**HB 344**

**2023 Regular Session**

**Selders**

LOCAL GOVERNMENT: Provides with respect to certain permits required by parishes and municipalities

**Synopsis of Senate Amendments**

1. Provide that proposed law does not prohibit regulatory inspection or enforcement regarding on-site sewerage disposal systems or the collection of past due utility debt.

**Digest of Bill as Finally Passed by Senate**

Proposed law prohibits parish and municipal governing authorities from requiring any person, who is an account holder with an authorized utility provider and whose account is being charged by the provider for electric services provided to a dwelling located in the state, to acquire a permit to change the name of the person listed as the account holder.

Proposed law provides that proposed law does not prohibit regulatory inspection or enforcement regarding on-site sewerage disposal systems or the collection of past due utility debt.
