Subject: Coverage and Payment Occupational Therapy Via Telehealth		

INSURANCE/HEALTH EN NO IMPACT See Note Page 1 of 1
 Provides relative to health coverage plan benefits for occupational therapy services delivered via telehealth

Proposed law requires health coverage for occupational therapy services delivered via telehealth. Proposed law requires parity equal to in-person occupational therapy services. Proposed law prohibits a plan from imposing an annual dollar maximum for telehealth services different from in-person services. Proposed law requires telehealth payments to be consistent with other provider network payment arrangements. Proposed law prohibits various actions of a plan associated with telehealth. Proposed law excludes coverage or reimbursement for any of the following: (1) a modality that is a type of electrical, thermal, or mechanical energy; and (2) manual therapy, massage, dry needling, or other invasive procedures. Proposed law authorizes the Department of Insurance/Commissioner of Insurance to promulgate rules and enforce provisions of proposed law. Proposed law effective January 1, 2024 (new health coverage plans) and January 1, 2025 (existing health coverage plans).

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Currently, all five self-funded health plans by the Office of Group Benefits (OGB) allow for covered occupational therapy services provided via telehealth at the same reimbursement rates as occupational therapy services provided in person. Also, the member cost share for telehealth visits is the same as in-person office visits. Therefore, the proposed law is not anticipated to have an impact on the expenditures within OGB.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
