

# ACT No. 128

HOUSE BILL NO. 644 (Substitute for House Bill No. 381 by Representative LaFleur)

BY REPRESENTATIVES LAFLEUR, BOYD, BRASS, CARRIER, WILFORD CARTER, FISHER, GEYMANN, GLOVER, GREEN, HUGHES, JEFFERSON, JENKINS, KNOX, LARVADAIN, LYONS, MARCELLE, DUSTIN MILLER, MOORE, NEWELL, PHELPS, PIERRE, AND WILLARD

1 AN ACT

2 To enact R.S. 17:3129.8, relative to open educational resources for public postsecondary  
3 education students; to provide for pilot programs; to require the Board of Regents  
4 and the management boards to collaborate relative to the programs; to require the  
5 Board of Regents to report to the legislature; to provide for effectiveness; to provide  
6 for related matters.

7 Be it enacted by the Legislature of Louisiana:

8 Section 1. R.S. 17:3129.8 is hereby enacted to read as follows:

9 §3129.8. Affordable Digital Textbook and Learning Materials Pilot Programs

10 A. The Board of Regents, referred to in this Section as the "board", in  
11 collaboration with the public postsecondary education management boards, shall  
12 develop and implement pilot programs to provide open and no-cost digital textbooks,  
13 study tools, online homework, and open educational resources that can be used to  
14 improve student outcomes. The pilot programs for which funds will be awarded  
15 shall be selected by the board in accordance with the criteria set forth in this Section.

16 B. The board shall:

17 (1) Issue a request for applications from public postsecondary education  
18 management boards for proposals for pilot programs.

19 (2) Prioritize pilot programs that provide the most benefit to socially and  
20 economically disadvantaged and historically underrepresented students. This may  
21 be determined by identifying courses with a high percentage of enrollment of groups  
22 of such students and the potential for large-scale adoption of open educational  
23 resources in the courses.

1           (3) Award funds for pilot programs to replace existing commercial textbooks  
2           available to students only through purchase with open educational resources as  
3           defined in R.S. 17:3129.9. The open educational resources used in pilot programs  
4           shall be made available to students at no cost with unlimited access not later than the  
5           first day of classes of the first semester in which the program is being implemented.  
6           Priority shall be placed on using open educational resources that carry an open  
7           license that allow faculty to customize course materials to improve student learning  
8           outcomes.

9           (4) Enter into contracts with management boards administering pilot  
10          programs. At a minimum, the contracts shall require the following:

11           (a) Revised and newly created course materials including ancillary materials  
12          and related learning materials.

13           (b) Instructional materials be made available in the statewide digital platform  
14          of open educational resources maintained by LOUIS: The Louisiana Library  
15          Network in order to ensure materials are discoverable and widely available.  
16          Materials shall be made available under a license consistent with the availability of  
17          open educational resource materials.

18           C.(1) In submitting proposals pursuant to Subsection B of this Section,  
19          management boards interested in participating shall:

20           (a) Demonstrate the anticipated number of students who would benefit from  
21          the program; the courses in which the awarded funds will be used, the textbooks  
22          currently being used in the courses, and the proposed use of open educational  
23          resources in the courses; and the estimated average amount of savings per student.

24           (b) Either propose customizing course instruction to currently available open  
25          educational resources or developing new course instruction using open educational  
26          resources.

27           (c) Identify the faculty who would customize course instruction to existing  
28          open educational resources or develop new course instruction using open educational  
29          resources.

1                   (2) In awarding funding, the board shall give priority to proposals that  
2                   include the following:

3                   (a) Targeted learning modules to provide additional student supports to  
4                   combat ongoing learning loss.

5                   (b) Resources to help students develop necessary employability skills  
6                   including but not limited to digital skills, financial literacy, time management,  
7                   communication, and goal setting.

8                   D.(1) The provisions of this Section shall be implemented beginning with  
9                   the 2024 fall semester.

10                  (2) The provisions of this Section shall terminate September 2, 2026.

11                  (3) Not later than September 1, 2026, the Board of Regents shall provide a  
12                  written report to the governor, the president of the Senate, the speaker of the House  
13                  of Representatives, and the chairmen of the legislative committees on education and  
14                  commerce on the program.
