Existing law generally authorizes parish governing authorities to create hospital service districts within the respective parishes or to combine two or more parishes into a single hospital service district. Provides generally that hospital service districts are governed by a board of five commissioners.

Existing law generally authorizes parish governing authorities to permit a per diem to each member of the commission in an amount of not less than \$25 nor more than \$40 for each day of attendance at commission meetings for up to 12 meetings per year. Provides further that per diem is payable out of the funds of the district. Provides exceptions, including an exception for Concordia Parish Hospital Service District No. 1 relative to the maximum per diem.

Prior law, relative to the Concordia district, provided that the maximum per diem was \$100. New law authorizes a maximum per diem of \$300.
