EMPLOYMENT OR INCREASE GF EX See Note Page 1 of 2  
 Provides relative to the state minimum wage. (gov sig)

Proposed law establishes a state minimum wage and sets it at \$10 per hour beginning on January 1, 2025, \$12 per hour beginning on January 1, 2027 and \$14 per hour beginning on January 1, 2029. If the federal minimum wage is raised above the state minimum wage, the state minimum wage shall also be raised to that level. The bill does not apply to student employees of the state, student employees of state colleges and universities, student employees of private employers, tipped employees, and agriculture employees. Proposed law provides that an employee to file a civil lawsuit in the proper venue for damages against an employer for a violation. An employer in violation is liable for the difference in wages and the statutory minimum wage plus reasonable attorney fees and court costs if the lawsuit is filed within one year from the date that an employee becomes aware that the employer is in violation. Proposed law provides that Louisiana Workforce Commission (LWC) is authorized and directed to promulgate rules and regulations.  
 Effective upon signature of the governor or lapse of time for gubernatorial action

**EXPENDITURE EXPLANATION**

The proposed law is anticipated to increase state expenditures by \$124,445 in FY 25, \$248,890 in FY 26, \$894,236 M in FY 27, \$1.5 M in FY 28, \$3.4 M in FY 29, and 12 positions in the Louisiana Workforce Commission (LWC). These costs can be attributed to the increased wages of persons employed by the State.

**Wage Increase Impact**

The following table shows the required salary increases provided by State Civil Service Department necessary to comply with the proposed minimum wage at each tier. Wage increases at each minimum wage tier will cumulatively increase state expenditures.

Minimum Wage	FY 25	FY 26	FY 27	FY 28	FY 29
\$10	\$ 124,445	\$ 248,890	\$ 248,890	\$ 248,890	\$ 248,890
\$12	-	-	\$ 645,346	\$ 1,290,692	\$ 1,290,692
\$14	-	-	-	-	\$ 1,839,726
<b>Total Impact</b>	<b>\$ 124,445</b>	<b>\$ 248,890</b>	<b>\$ 894,236</b>	<b>\$ 1,539,582</b>	<b>\$ 3,379,308</b>

The minimum wage tiers bring wages to \$10/hr, \$12/hr, and \$14/hr on January 1st in each respective fiscal year and assume When Actually Employed (WAEs) work 1,245 hours per year, which is the maximum for WAEs. This minimum wage analysis does not include costs associated with related benefits because these rates vary depending on the employee's retirement plan.

The following table shows the classification of state employees who are impacted at each minimum wage tier. Student employees of the state, state colleges, and state universities are excluded from estimates, as specified in the bill.

Affected State Employees	FY 25	FY 26	FY 27	FY 28	FY 29
Classified Employees	0	0	137	137	511
Unclassified Employees	184	184	308	308	578
WAEs	8	8	274	274	591
<b>Total</b>	<b>192</b>	<b>192</b>	<b>719</b>	<b>719</b>	<b>1,680</b>

Opp. Chamb. Action:  
Proposed Amd.:  
Sub. Bill For.:

**Date:** March 11, 2024 3:33 PM **Author:** CARTER, GARY  
**Dept./Agy.:** Louisiana Workforce Commission **Analyst:** Noah O'Dell  
**Subject:** State Minimum Wage

**CONTINUED EXPLANATION from page one:**

Salaries and wages of classified employees and WAE employees are paid with all means of financing (MOF). All MOF may be affected by the total cost increase resulting from this proposed law. This minimum wage analysis does not include costs associated with related benefits because these rates vary depending on the employee's retirement plan. Although not included in the analysis, related benefits are anticipated to increase by an indeterminable amount under this measure. Salary enhancements beyond minimum wage implementation are excluded from the wage impact analysis.

**Local Wage Impact Costs**

The proposed law will increase local governmental expenditures by an indeterminable amount as a result of the newly created state minimum wage that is higher than the current federal minimum wage. To the extent any employees at the local level are paid below the new minimum wage, local governmental expenditures will increase by an amount that is equal to the difference between the employee's current wage and the minimum wage in proposed law.

**Judicial and Local Courts**

To the extent the proposed law increases the number of civil cases in district courts, an indeterminable increase in costs associated with district attorney prosecutions, judicial workload, time, and attendance (presence of judges, clerks, bailiffs, counsel, etc.) may result. It is speculative as to how many, if any, additional civil cases will occur as a result of this measure.

**Public Assistance Programs**

To the extent the minimum wage increase results in individuals' earnings exceeding the means-tested threshold for TANF cash assistance programs (FITAP and KCSP) and SNAP, there may be an indeterminable decrease in public assistance enrollment and expenditures. The number of individuals that would be impacted by the increase is unknown.

The Department of Children and Family Services (DCFS) administers SNAP. Approximately half of the cost of administering SNAP is funded with SGF. The rest of the administrative costs are funded through a federal match provided by Food and Nutrition Services (FNS). The possible decrease in SNAP enrollment and expenditures could generate a decrease in the costs associated with administering the program. DCFS reports the magnitude of this decrease is unknown, but is unlikely to be significant.

Senate Dual Referral Rules
