 Creates the Louisiana Pregnancy and Baby Care Initiative. (gov sig)

Proposed law creates the Louisiana Pregnancy and Baby Care Initiative in the Department of Children and Family Services (DCFS) and provides for the structure and administration of the program. Proposed law provides for a general contractor to manage the program and subcontractors to provide certain services to eligible participants. Proposed law provides for annual reporting. Proposed law provides that the Louisiana Pregnancy and Baby Care Initiative will be implemented on August 1, 2024, and that it is replacing the Alternatives to Abortion Program. Proposed law provides that the Louisiana Pregnancy and Baby Care Initiative will be funded in a separate line-item of the general appropriations act or receive all funds appropriated for the Louisiana Alternatives to Abortions Program. Proposed law requires DCFS to maintain contracts with providers of the Louisiana Alternatives to Abortions Program in effect prior to August 1, 2024, during the transition from the department to the office of the governor. Proposed law prohibits the Louisiana Pregnancy and Baby Care Initiative from using funds for any program or service related to abortion. Effective upon signature of the governor or lapse of time for gubernatorial action.

EXPENDITURE EXPLANATION

The proposed law requires DCFS to replace the Alternatives to Abortion Program with a newly created program called the Louisiana Pregnancy and Baby Care Initiative. The bill appears to require that Temporary Assistance for Needy Families (TANF) block grant funds be utilized for the new program, as it is the successor to the prior program currently funded with TANF. The new program acts as a statewide social service program to enhance and increase resources that promote childbirth instead of abortion for women facing unplanned pregnancies and to offer services, including pregnancy support, parenting help, and adoption assistance. The Legislative Fiscal Office anticipates an increase in the cost over existing program funding by an indeterminable amount, as this measure adds additional administrative costs associated with hiring a general contractor to administer the program (administrative costs include marketing and outreach, and management of payments to various subcontractors). In addition, one requirement of the new program is to enhance and increase services/resources for eligible recipients.

Information provided by DCFS reflects \$897,411 in FY 23 actual expenditures and a total of \$1,054,054 for the FY 24 contract amounts in the existing Louisiana Alternatives to Abortion Program. The proposed law requires DCFS to maintain previously established contracts with providers of the Louisiana Alternatives to Abortions Program in effect prior to August 1, 2024, during the transition to the Louisiana Pregnancy and Baby Care Initiative.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
