
SENATE FLOOR AMENDMENTS

2024 Regular Session

Amendments proposed by Senator Lambert to Engrossed Senate Bill No. 432 by Senator Edmonds

1 AMENDMENT NO. 1

2 On page 2, delete lines 20 through 29, and on page 3, delete lines 1 through 10, and insert:

3 **"F.(1) The board shall not require users to undertake the installation of**
4 **additional metering devices or prescribe new requirements thereof if the user's**
5 **installation of metering devices meets all the following criteria:**

6 **(a) Demonstrates compliance with the user's obligation to meter.**

7 **(b) Measures flow data at least hourly for each well, for each stratum**
8 **from which the well draws, and reports the data to the board monthly.**

9 **(c) Ensures proper operation of the metering device through installation,**
10 **calibration, validation, and maintenance practices that are consistent with the**
11 **accepted capability of that type of metering device. Calibration of each metering**
12 **device shall be performed at least once a year by a qualified source, which is a**
13 **person or entity that has received formal training or has practical field**
14 **experience in the calibration of that type of metering device.**

15 **(d) Adheres to accepted scientific practices to safeguard the accuracy**
16 **and reliability of measurements of the volume of monitored withdrawals.**

17 **(e) Measures flows with a maximum deviation of less than ten percent**
18 **from true withdrawal rates throughout the range of expected withdrawal**
19 **volumes.**

20 AMENDMENT NO. 2

21 On page 3, at the beginning of line 11, change "(4)" to "(2)"
