

2024 Regular Session

HOUSE RESOLUTION NO. 201

BY REPRESENTATIVE BRASS

A RESOLUTION

To commend the Ready Louisiana Coalition and to designate Tuesday, May 21, 2024, as
Early Education Day at the state capitol.

WHEREAS, the Ready Louisiana Coalition is a bipartisan statewide organization formed in 2018 that is comprised of over one hundred sixty businesses, chambers, advocacy organizations, and early care and education professionals seeking sufficient investment in quality, affordable early care and education in Louisiana; and

WHEREAS, members of the Ready Louisiana Coalition believe that investing in quality, affordable early care and education will prepare students for a smart start in life, enable families to be productive in the workforce, and serve as an economic engine for local communities; and

WHEREAS, research shows that early experiences affect the development of the brain architecture, providing the foundation for all future learning, health, and social behaviors; and

WHEREAS, early years form the basis for cognition, literacy and learning, social and emotional development, physical development, and more; and

WHEREAS, ninety percent of brain development takes place between birth and age four; and

WHEREAS, because these early years are when the very foundation of the brain is built, children who begin school behind generally remain behind; and

WHEREAS, children who receive quality, affordable early care and education experience long-term improved outcomes in education, health, and social behaviors; and

WHEREAS, in Louisiana, an average family can spend as much as in-state college tuition on child care, which is often a considerable part of their household budget; and

WHEREAS, the current lack of quality, affordable early care and education harms all families and disproportionately impacts children of color and those in poverty during this critical age for early brain development; and

WHEREAS, lack of quality, affordable early care and education not only affects the workforce of tomorrow but also has a substantial impact on the workforce of today, in terms of both worker participation and productivity in Louisiana; and

WHEREAS, research has shown that there can be a thirteen percent return on public investment in quality, affordable early care and education; and

WHEREAS, child care issues and lost workforce participation and productivity have resulted in more than a \$1.3 billion loss for Louisiana's economy; and

WHEREAS, the over one hundred sixty organizations from across Louisiana that comprise the Ready Louisiana Coalition are working to provide access to quality, affordable early care and education that will improve children's outcomes, strengthen their families, and build the economy.

THEREFORE, BE IT RESOLVED that the House of Representatives of the Legislature of Louisiana does hereby commend the Ready Louisiana Coalition and does hereby designate Tuesday, May 21, 2024, as Early Education Day at the state capitol.
