**EXPENDITURE EXPLANATION**

The proposed law creates the Commemorative Pet Stamp Fund. Creating a new statutory dedication within the state treasury will result in a marginal workload increase for the Department of Treasury, which can generally be absorbed within existing resources. However, to the extent other legislative instruments create new statutory dedications, there may be material additional costs associated with the aggregate effort to administer these funds. The Treasury performs fund accounting, financial reporting, banking and custodial functions for 443 special funds. When unable to absorb additional workload with existing resources, the Treasury anticipates it will be required to add one T.O. position at a total personnel services cost of approximately \$95,000, plus approximately \$2,450 for a one-time purchase of office equipment. These expenditures are assumed to be SGR in this fiscal note.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure. Proposed law creates the Commemorative Pet Stamp Fund but does not provide a recurring source of revenues. Monies deposited into the fund will be contingent upon the sale of commemorative stamps, appropriations, transfers, donations, gifts, and grants.
