## DIGEST

SB 271 Reengrossed

2024 Regular Session

Foil

Proposed law provides that concurrent jurisdiction applies especially for enforcement of state fish and game laws and regulations, and juvenile matters including but not limited to delinquency, children in need of care, families in need of services, and any other matters affecting the safety and welfare of juveniles within the state.

Proposed law provides that the state accepts the relinquishment of exclusive jurisdiction from the United States and that the state has concurrent jurisdiction with the United States over the United States military installation property in the state for as long as the United States controls the property.

Proposed law provides that this concurrent jurisdiction be effective upon the governor's written acceptance of a request filed pursuant to proposed law by the principal officer, or an authorized representative of the United States who has supervision or control over the property pursuant to federal law, of the property where concurrent jurisdiction is sought, relinquishing exclusive jurisdiction and retaining concurrent jurisdiction over the property.

Proposed law authorizes the governor to execute appropriate documents to accomplish the cession granted by proposed law.

Proposed law provides that the state not incur or assume any liability as a result of accepting concurrent jurisdiction pursuant to proposed law.

Proposed law authorizes state agencies, local governments, or districts, at the sole discretion of the state agency, local government, or district, to enter into reciprocal agreements with a United States agency to designate duties related to the concurrent jurisdiction between the parties.

Proposed law provides that concurrent jurisdiction applies in those instances wherein in granting to the United States authority which would otherwise amount to exclusive jurisdiction over an area, the state has reserved to itself the right to exercise, concurrently with the United States, all of the same authority.

Proposed law requires that nothing in proposed law be construed to create any affirmative obligation on the part of a state agency, local government, or district or to require a state agency, local government, or district to enter into any reciprocal agreement related to the investigation or prosecution of any case, incident, or allegation.

Effective August 1, 2024.
