 Provides relative to concurrent jurisdiction of federal military installations within the state. (8/1/24)

Proposed law provides that the state accepts the relinquishment of exclusive jurisdiction from the US and that the state has concurrent jurisdiction with the US over the US military installation property in the state for as long as the US controls the property. Proposed law provides that this concurrent jurisdiction be effective upon the governor's written acceptance of a request filed by the principal officer, or a representative of the US who has supervision or control over the property pursuant to federal law, of the property where concurrent jurisdiction is sought, relinquishing exclusive jurisdiction and retaining concurrent jurisdiction over the property. Proposed law authorizes state agencies, local gov, or districts to enter into reciprocal agreements with a US agency to designate duties. Proposed law provides that concurrent jurisdiction applies in those instances wherein in granting to the US authority which would otherwise amount to exclusive jurisdiction over an area, the state has reserved to itself the right to exercise, concurrently with the US, all of the same authority.
