HOUSE CONCURRENT RESOLUTION NO. 114

BY REPRESENTATIVE MARCELLE

MEDICAID: Creates a task force to study the potential expansion of behavioral healthcare providers eligible for enhanced Medicaid reimbursement

1 A CONCURRENT RESOLUTION

2 To create a task force to study the potential expansion of behavioral healthcare providers
3 who are eligible for enhanced Medicaid reimbursement.

4 WHEREAS, it is critical for this legislature to address the mental health crisis in this
5 state; and

6 WHEREAS, many Louisiana residents who suffer with mental health disorders are
7 Medicaid enrollees; and

8 WHEREAS, in 2022, the office of behavioral health within the Louisiana Department
9 of Health introduced the Louisiana Crisis Response System in an effort to address the mental
10 health issues of Medicaid recipients in this state; and

11 WHEREAS, the Louisiana Crisis Response System focused on expanding services
12 to Louisiana Medicaid members experiencing a mental health crisis with the phased
13 implementation of a comprehensive crisis system of care; and

14 WHEREAS, individuals age twenty-one and older who are served by one of the five
15 Medicaid Healthy Louisiana plans and experiencing emotional distress were granted access
16 to a continuum of voluntary crisis services through the implementation of the program; and

17 WHEREAS, such voluntary crisis services are built on principles of recovery and
18 aim to divert from unnecessary hospitalizations and institutional levels of care; and

19 WHEREAS, the program encompasses services via Mobile Crisis Response,
20 Community Brief Crisis Support, Behavioral Health Crisis Care, and Crisis Stabilization;
21 and

1 WHEREAS, services for the program are active in the Greater New Orleans region,
2 the Greater Baton Rouge region, the South-Central Louisiana region, the Northwest
3 Louisiana region, and Jefferson Parish; and

4 WHEREAS, although the efforts of the Louisiana Crisis Response System do not go
5 unnoticed, the residents in this state are still facing challenges with mental health; and

6 WHEREAS, further expansion of the pool of behavioral healthcare providers eligible
7 for enhanced Medicaid dollars may aid the state in addressing this matter; and

8 WHEREAS, the inclusion of healthcare providers with a master of social work and
9 other master's-level behavioral healthcare providers, including but not limited to mental
10 health counselors, may also help the statewide epidemic; and

11 WHEREAS, it is the duty of this legislature to consider expanding the pool of
12 behavioral healthcare providers who are eligible for enhanced Medicaid dollars and
13 potentially including other healthcare providers in its expansion.
