A CONCURRENT RESOLUTION

To create the Public Projects Payment Task Force to study and make recommendations regarding the Louisiana Public Works Act, R.S. 38:2241 et seq., for the purpose of facilitating and improving the timeliness of payments made by public entities to general contractors.

WHEREAS, it is critically important to Louisiana to ensure effective and efficient construction, alteration, improvement, or repair of its public facilities and the immovable property owned, used, or leased by public entities in the state; and

WHEREAS, delays in public works contract payments made by public entities to general contractors inevitably cause subsequent delays and expenses that affect innumerable subcontractors, materialmen, laborers, and other service providers, who all perform vital services throughout Louisiana; and

WHEREAS, delays in public works contract payments by public entities to general contractors also result in extensive costs, productivity delays, and prolonged legal proceedings, which disproportionately impact small businesses and disadvantaged business enterprises; and

WHEREAS, it is in the best interest of Louisiana to facilitate and improve the timeliness of public works contract payments made by public entities to decrease costly

1 delays and to increase productivity statewide.

2 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
3 establish and provide for the Public Projects Payments Task Force to perform a holistic study
4 of the Louisiana Public Works Act, R.S. 38:2241 et seq., and all relevant legal procedures,
5 bond requirements, notice and recordation requirements, time delays, rights of action, and
6 dispute resolution methods, relative to public works contract payments made by public
7 entities to general contractors and to how the timing of those payments affect subcontractors,
8 materialmen, laborers, and other service providers.

9 BE IT FURTHER RESOLVED that the task force shall consist of eleven members
10 appointed as follows:
