

RÉSUMÉ DIGEST

ACT 299 (SB 143)

2024 Regular Session

Barrow

New law requires healthcare providers who provide prenatal and postpartum care to women to screen for signs and symptoms of hypertension and preeclampsia if, in the provider's professional, medical judgment, the screening is in the best interest of the patient.

Effective May 28, 2024.

(Adds R.S. 40:1124.1)
