

RÉSUMÉ DIGEST

ACT 674 (HB 46)

2024 Regular Session

Edmonston

Existing law requires each person entering any school for the first time to present satisfactory evidence of immunity to or immunization against vaccine-preventable diseases according to a schedule approved by the office of public health (OPH) or to present evidence of an immunization program in progress. Provides that the schedule may provide specific requirements based on age, grade in school, or type of school. Authorizes a school, with OPH approval, to require immunizations or proof of immunity more extensive than required by the OPH schedule. New law provides, notwithstanding existing law, that no person shall be required to receive a COVID-19 vaccine as a condition of initial enrollment or continuing attendance at such a school (public or nonpublic).

Effective August 1, 2024.
