

RÉSUMÉ DIGEST

ACT 722 (HB 778)

2024 Regular Session

Bayham

New law prohibits authorities from installing automated speed enforcement devices on interstate roadways within their territorial limits.

New law adds a provision that prohibits equipment that is not on a state or local authority right-of-way from being authorized to utilize electronic speed enforcement devices.

Existing law provides an exception to existing law for Dept. of Transportation and Development construction zones except for local municipal authorities and local parish authorities.

New law adds a prohibition for the imposition of speeding citations within a school zone via unmanned automated speed enforcement devices when the driver is not exceeding the posted speed limit immediately prior to the school zone if school zone signs are not posted at the entrance and exit of the school zone.

Effective August 1, 2024.
