HB 16 Original

2024 Third Extraordinary Session

Emerson

**Abstract:** Codifies provisions of present constitution regarding the homestead exemption, special assessment level, millage adjustments, and other property tax exemptions in statute and authorizes an optional property tax exemption for business inventory.

### Redesignations of law

Present law and present constitution provide for the levy of ad valorem property tax and for the classification and annual assessment of property for purposes of calculating ad valorem taxes in Article VII, Sections 18 through 23 of the Constitution of La. and Chapter 1 of Subtitle 3 of Title 47 (Sections 1702-1716).

Proposed law redesignates all sections of present law (Sections 1702-1716). Retains all provisions of present law, except for removing references to articles in the constitution and changing cross references to statutes within Chapter 1.

Proposed law adds new sections of law (1701 and 1717-1721).

Proposed law authorizes and directs the law institute to renumber the sections of Chapter 1 as listed.

### Homestead Exemption

Present constitution authorizes the levy of ad valorem taxes on property within La. Present constitution establishes an exemption from state, parish, and special ad valorem property taxes for the bona fide homestead of the property owner, for the first \$7,500 of assessed valuation. Present law provides for administration and implementation of the homestead exemption as well as other property tax exemptions by assessors in each parish.

Proposed law retains provisions relative to the homestead exemption provided for in present constitution but moves these provisions to statutory law and re-designates these provisions in R.S. 47:1718. Proposed law further retains provisions in present law relative to the timing of the status of real and personal property in Orleans parish for purposes of claiming the homestead exemption for the following calendar year as well as general provisions relative to penalties for property owners who provide false statements and information for purposes of claiming the homestead exemption or other property tax exemptions.

## **Other Property Tax Exemptions**

Present constitution provides for the classification and assessment of property subject to ad valorem taxation. Further provides an exclusive list of types of property that, in addition to property to which the homestead exemption provided for in present constitution applies, shall be exempt from ad valorem taxation.

Proposed law moves the provisions of Art. 7 Sec. 21 from the present constitution to statute (R.S. 47:1703).

Proposed law adds an optional ad valorem tax exemption on items constituting business inventory, including goods which are held for sale and goods in production or for ultimate consumption in the production of goods or services for sale. Proposed law defines "business inventory" for purposes of proposed law.

Proposed law limits the optional exemption to parishes in which the sheriff, school board, and the parish governing authority elect to exempt business inventory from ad valorem taxation. Requires the exemption election to be evidenced in writing and to indicate if the parish will implement the full exemption immediately or over a period not to exceed five years. The election shall be made no later than July 1, 2026, and shall be applicable to taxable periods beginning Jan. 1, 2026. Proposed law requires that the parish's election to exempt business inventory be irrevocable.

Proposed law provides that any parish that elects to exempt 100% of business inventory from ad valorem tax to immediately receive a payment from the state equal to the greater of three times the amount of ad valorem taxes collected on business inventory within the parish for the 2023 tax year or \$1M dollars. Any parish that elects to phase-in the exemption over a period not to exceed five years shall receive a payment equal to the greater of the amount of ad valorem taxes collected on business inventory within the parish for the 2023 tax year or \$500,000.

Proposed law provides that calculation of the payments to parishes electing to exempt items constituting business inventory shall be as follows:

### **Special Assessment Level**

Present constitution grants a special assessment level to certain owners of residential property receiving the homestead exemption. The special assessment level prohibits the total assessment of the property from being increased above the total assessment of the property for the first year that the eligible owner qualifies for and receives the special assessment level. Eligible owners include people who are 65 years of age or older, people who have a service-connected disability rating of 50% or more, members of the armed forces of the U.S. or the La. National Guard who owned and occupied the property who are killed in action, missing in action or are a prisoner of war for a period exceeding 90 days, and people who are permanently totally disabled as determined by a final non-appealable judgment of certain courts or state or federal administrative agencies charged with the responsibility for making determinations regarding disability.

Present constitution limits a person from receiving the special assessment if the person's adjusted gross income exceeds \$100,000. Beginning in 2026, the \$100,000 limit is adjusted annually by the Consumer Price Index.

Proposed law retains all provisions of present constitution but moves Art. 7 Sec. 18(G) from the constitution to statute (R.S. 47:1717).

### **Adjustment of Ad Valorem Millages**

Present constitution prohibits the total amount of ad valorem taxes collected by any taxing authority in the year in which the mandatory reappraisal and valuation of property occurs to be increased or decreased because of a reappraisal or valuation or increases or decreases in the homestead exemption above or below the total amount of ad valorem taxes collected by that taxing authority in the year preceding implementation of the reappraisal and valuation. To accomplish this result, the provisions of millage adjustments in present constitution are mandatory.

Proposed law retains all provisions of present constitution but moves Art. 7 Sec. 23 from the constitution to statute (R.S. 47:1719).

Effective if and when the proposed amendment of Art. 7 of the constitution contained in the Act which originated as House Bill No. 7 of this 2024 3<sup>rd</sup> E.S. of the Legislature is adopted at a statewide election and becomes effective.
