Page 1 of 1

Requires the secretary of the Department of Revenue to annually estimate revenue derived from aviation fuel collections (Items #8 and 11)

Proposed law requires the Department of Revenue to annually estimate the revenue derived from state taxes collected from aviation fuel purchases. The average price per gallon of aviation fuel shall be based on historical data, current market fuel prices, and trends. The volume of aviation fuel shall be based on data provided by the Energy Information Administration or the Bureau of Transportation Statistics. The sales tax rate shall be based on the current state sales tax rate in effect at the time of the estimate. The estimated revenues must be submitted to the Revenue Estimating Conference within five calendar days of the annual estimate being completed by the secretary of the Department of Revenue. The secretary shall also submit a report to the Joint Legislative Committee on the Budget annually. Proposed law terminates January 1, 2027.

EXPENDITURES	2024-25	2025-26	2026-27	2027-28	2028-29	5 -YEAR TOTAL

EXPENDITURE EXPLANATION

Proposed law changes the procedure to estimate the revenue to be derived from state taxes collected from the purchase of aviation fuels. To the extent the Revenue Estimating Conference (REC) estimate of aviation fuel tax collections changes as a result of proposed law, the appropriation to the Aviation Account may increase or decrease accordingly.

Historically, deposits into the Aviation Account of the Transportation Trust Fund were forecast at a standard, recurring \$29.8 M by agreement of various interests. Beginning in FY 24, the REC began forecasting revenues for deposit into the account using available data from returns and economic indicators. Proposed law requires the Department of Revenue, in collaboration with the Department of Transportation and Development, to annually estimate the revenue to be derived from state taxes collected from purchases of aviation fuels and outlines the procedure for estimation.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.

Senate

Dual Referral Rules

House

13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}

6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}

13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

6.8(G) >= \$500,000 Tax or Fee Increase or a Net Fee Decrease {S}
