EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Proposed law creates the Reserve Fund, but does not provide a recurring source of revenue nor stipulates allowable uses of the monies deposited into the fund.

Treasury requires certain resources to create and administer a statutory dedication, as in this measure. Should aggregate session action result in the creation of funds beyond that which can be absorbed within existing resources, additional funding may be required, which is assumed to be SGR in this fiscal note.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
