

2025 Regular Session

HOUSE CONCURRENT RESOLUTION NO. 27

BY REPRESENTATIVE ZERINGUE

COASTAL RES/COASTAL ZONE: Urges and requests enhancement of the state's participation in the Gulf of America Hypoxia Action Plan and Task Force

## 1 A CONCURRENT RESOLUTION

2 To urge and request the state of Louisiana's participation in the Gulf of America Hypoxia  
3 Action Plan and Task Force.

WHEREAS, the state of Louisiana has been a participant in the Gulf of America Hypoxia Task Force, formerly the Gulf of Mexico Task Force, since 1998, and a signatory to the Gulf of America Hypoxia Action Plan (henceforth the "Task Force" and "Action Plan") since 2000, as cooperative endeavors utilizing voluntary actions and activities; and

8 WHEREAS, the Louisiana Legislature has repeatedly expressed and reaffirmed its  
9 support for the Action Plan, in resolutions including House Concurrent Resolution No. 47  
10 of the 2000 Regular Session of the Legislature, House Concurrent Resolution No. 80 of the  
11 2007 Regular Session of the Legislature, Senate Concurrent Resolution No. 40 of the 2010  
12 Regular Session of the Legislature, Senate Resolution No. 84 of the 2012 Regular Session  
13 of the Legislature, House Concurrent Resolution No. 70 of the 2016 Regular Session of the  
14 Legislature, House Concurrent Resolution No. 30 of the 2019 Regular Session of the  
15 Legislature, House Concurrent Resolution No. 48 of the 2021 Regular Session of the  
16 Legislature, and House Concurrent Resolution No. 98 of the 2022 Regular Session of the  
17 Legislature, as have numerous associations, boards, commissions, organizations, parish  
18 councils, and police juries; and

19 WHEREAS, the role of the state of Louisiana's representative on the Task Force is  
20 a high-level position engaged in collaboration with upriver states, federal agencies, and other

1 stakeholders at the level of national policy to implement the Action Plan in the Mississippi  
2 and Ohio River Basins, and must necessarily report to the governor; and

3 WHEREAS, the Louisiana Governor's Office of Coastal Activities has played this  
4 role in recent years, due to its close connection to the governor, with other state agencies  
5 acting in supporting roles on the Task Force Coordinating Committee; and

6 WHEREAS, state agencies have acted in a supporting capacity on the Task Force  
7 Coordinating Committee and on the state Interagency Nutrient Team, to help Louisiana  
8 fulfill its basin-level and in-state obligations under the Action Plan, respectively; and

9 WHEREAS, the Louisiana Legislature in House Concurrent Resolution No. 49 of the  
10 2024 Regular Session of the Legislature, commended the cooperative conservation work of  
11 the Louisiana Department of Agriculture and Forestry Office of Soil and Water Conservation  
12 (OSWC) and the important role it plays in implementing the Action Plan, and supported the  
13 OSWC being a full partner in the state's gulf hypoxia policy effort; and

14 WHEREAS, the Louisiana Wildlife and Fisheries Commission, on May 2, 2024,  
15 passed a resolution commending the work of the Department of Wildlife and Fisheries in  
16 support of the Action Plan, and in support of its full partnership in the state's gulf hypoxia  
17 policy effort; and

18 WHEREAS, the Action Plan is in a critical ten-year period to achieve its 2035 goal  
19 of reducing the average annual size of the Gulf Hypoxic Zone, and thus Louisiana's actions  
20 at the national and state level have a heightened level of importance.

21 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby  
22 recommend to the governor that:

23 (1) The State of Louisiana be represented on the Gulf Hypoxia Task Force by the  
24 Governor's Office of Coastal Activities.

25 (2) The Louisiana Office of Soil and Water Conservation act as co-chair of the  
26 state's Interagency Nutrient Team, working cooperatively with other agencies (Coastal  
27 Protection and Restoration Authority, Louisiana Department of Environmental Quality, and  
28 Louisiana Department of Energy and Natural Resources) involved in nutrient reduction  
29 activities.

1           (3) The Louisiana Department of Wildlife and Fisheries be included as a member  
2 of this team so it can be involved in the state's Gulf Hypoxia policy effort as a full partner.

3           (4) The state Interagency Nutrient Team provide an annual presentation to the House  
4 and Senate Natural Resources committees that summarizes actions taken by Louisiana state  
5 agencies to specifically help attain the Gulf Hypoxia Action Plan goals in the specified  
6 period of time.

7           (5) Any meetings of the Interagency Nutrient Team be public, and include an  
8 invitation to the chairs of the House and Senate Natural Resources Committees, or their  
9 designees.

10          BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the  
11 governor.
