Provides for the transfer of school disciplinary records and for school personnel's access to certain juvenile court records

Proposed legislation expands current law requirements providing for public schools, including charter schools, to transfer a student’s entire disciplinary record, not just suspensions and expulsions, upon the written request of any authorized person on behalf of a public school, nonpublic school, or educational facility within a correctional or health facility where the student is enrolled or seeking enrollment.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Local school systems may realize an increase in workload to provide additional disciplinary records for transferred students; however, the LFO does not anticipate any increase in expenditures associated with this as proposed legislation does not create a new requirement but expands on existing requirements concerning the transfer of student records.
