Abstract: Authorizes the use of facility dogs by certain witnesses who participate in trials relative to sex offenses.

Present law requires the court to allow a witness who is either under 18 years of age or who has a developmental disability to be accompanied by a facility dog, if available, while testifying in court.

Present law authorizes the court to allow the use of facility dogs in cases involving all other witnesses.

Present law defines "facility dog" as a dog that is certified and a graduate of an assistance dog organization that is accredited and is specially trained to provide emotional support to witnesses testifying in judicial proceedings without causing a distraction during the proceedings.

Proposed law requires that the court obstruct the presence of the dog from the jury. Further requires that the dog's entry and exit from the courtroom be conducted out of the presence of the jury.
