Present law requires that the district supervisors be elected each year on the second Saturday in June, with terms beginning July 1st following the election. Vacancies and expiring terms are filled by elections held on the second Saturday in June after the term expires, and current supervisors remain in office until their terms expire. Further requires that all vacancies and expired terms be filled by an election held on the second Saturday in June after the term expires.

Proposed law modifies present law removing the requirement that the district supervisors be elected each year on the second Saturday in June. Further removes the requirement that current supervisors remain in office until their terms expire and that vacancies and expired terms be filled by elections held on the second Saturday in June.

Present law provides for the removal of a supervisor for neglect of duty or malfeasance. Prohibits reappointment or reelection of a supervisor unless they have attended at least two-thirds of scheduled district meetings. Authorizes the commission to waive this condition for good cause.

Proposed law retains present law and requires that the condition be met within a 12-month period.
