HB 19 Reengrossed

2026 Regular Session

Illg

Abstract: Provides relative to definitions and the powers, duties, and authority of the board of trustees for the District Attorneys' Retirement System.

Present law defines "medical board" as the State Medical Disability Board.

Proposed law repeals present law.

Present law provides that a member who becomes disabled, who files for a disability benefit while in service, and who upon a medical examination and certification is found to have a total disability for any cause, is entitled to disability benefits as provided in present law. Requires the member to have 10 years of service credit and that the disability was incurred while the member was an active contributing member in active service. Provides that if an application for disability was not filed while the member was in active service, it is presumed that the disability was not incurred while the member was an active and contributing member.

Proposed law retains present law.

Present law requires the system board of trustees to award disability benefits to eligible members who have been officially certified as having a disability by the State Medical Disability Board.

Proposed law provides that the official certification of a disability is determined by a physician designated by the board of trustees.

(Amends R.S. 11:1634(B)(intro. para.); Repeals R.S. 11:1581(13))
