Abstract: Provides relative to interactions, communications, and visitation with interdicted persons.

Present law authorizes a mandatary to perform all acts which are incidental or necessary to fulfill the obligations as mandatary.

Proposed law retains present law.

Present law provides that express authority must be given to limit or prevent reasonable communication, visitation, or interaction between the principal and a relative by blood, adoption, or affinity within the third degree, or another individual who has a relationship based on or productive of strong affection.

Proposed law amends present law to specify that the relationship between the principal and another individual is to be based only on strong affection. Otherwise retains present law.
