Subject: Treatment Services-Facilities Providing Temporary Residence		

HEALTH DEPARTMENT OR NO IMPACT See Note Page 1 of 1
Provides relative to treatment services provided at facilities providing housing or temporary residence for individuals referred by judicial agencies. (8/1/26)

Current law provides for the regulation of facilities that are not otherwise required to be licensed by the Department of Health (LDH) or the Department of Children and Family Services, that provide housing or temporary residence for individuals who have been arrested for the commission of a crime, and who are referred by a judicial agency; prohibits a facility from providing treatment to an individual and a judicial agency from referring an individual to a facility providing treatment until LDH has adopted rules and certified that the facility is in compliance with its rules. Proposed law prohibits a facility from providing residential substance use treatment to any individual (or a judicial agency from referring any individual to a facility providing residential substance use treatment), unless the facility is licensed by LDH as a behavioral health service provider with the residential substance use treatment module; provides that any complaint regarding a residential facility providing residential substance use treatment without a license may be filed with the licensing section of LDH for investigation; provides that nothing within the proposed law prohibits a licensed physician, mental health professional, or behavioral health service provider from providing services to persons in their place of residence.
