

RÉSUMÉ DIGEST

ACT 952 (HB 762)

2026 Regular Session

Bayham

Existing law authorizes the office of motor vehicles (OMV) to refer certain authenticated final delinquent debts to the office of debt recovery for collection of the debt, including data and information needed to institute collection, 60 days after notice to the debtor.

New law retains existing law, but prohibits the OMV from referring any debt that arises from unpaid reinstatement fees due to a lack of insurance coverage or a lapse in coverage.

Existing law authorizes agencies that do not have collection contracts with the attorney general's office for the collection of debt to refer delinquent debt to the office.

New law retains existing law and authorizes the OMV to refer debts incurred pursuant to existing law (R.S. 32:863(A)(3)(a)) to the attorney general's office at the OMV's discretion.

Effective August 1, 2026.

(Amends R.S. 32:8(B) and R.S. 47:1676(C)(2)(a)(i))
